Networking Specialists Program and Technology Management

Your Degree Option

K-State at Salina offers a Bachelor of Science Degree in Technology Management through distance education. This degree completion program is designed for students who have completed the Networking Specialists program at Barton Community College. The Technology Management degree provides a solid understanding of the fundamental areas in management: finance, accounting, business, and marketing. The curriculum is designed to prepare the student for the diverse environment of the business world as it relates to Networking Specialists. By combining a technical area of concentration with advanced business studies, you can be a professional who has the practical and leadership skills to move forward in business.

Your Career

K-State at Salina's technology management graduates are prepared for supervisory and management positions in a variety of related fields including academia, research, and both private and government provider agencies. Graduates can use their management and business skills to help further their networking career as they will understand how to hire and supervise employees, train new employees, train new supervisors and managers, plan budgets, and even manage inventory.

Get started!

The degree map on the reverse page will show you a listing of classes you need to take from Barton Community College and K-State to complete the Technology Management 2+2. This degree map has been reviewed and accepted by both schools as an illustration, which is subject to change. Many other combinations of courses may be possible, so students should contact a K-State representative or their community college advisor before committing to a particular transfer program.

To get started, contact the K-State 2+2 representative by calling 620-786-1188 or e-mail bartondce@k-state.edu.
