The “Barton Difference” initiative promotes annual student recognition of faculty and staff that have made a difference in their experience here at Barton. The typical student at Barton takes a mix of classes including face to face, hybrid and online. Most all faculty/staff whether at Barton County Campus, Grand View, Fort Riley, or remote locations also teach/support a mix of classes from face to face, hybrid and online. These student nominations reflect all styles of instructional/staff interaction with students. Below is just a sample of the wonderful nominations which were received this year:

### Staff: Tiffany Irizarry

– Nominated by: Haleigh Viramontes

Tiffany Irizarry has helped me out in so many ways. I have gone to her since day one. She has led me down the right path for my career with classes, general information, financial aid and so much more. She always got back to me right away and also called me for a follow up on my appointments. If it wasn't for her, I don't think I would have gotten my degree within a year. She is an awesome lady and I could never thank her enough for all that she has done for me. I recommend her to everyone! Thank you Barton as well, for all the support from everyone! I wish I didn't have to pick one person because honestly I would nominate all my teachers, the office ladies and my Go Army Ed representative.

### Staff: Alan Clark

- Nominated by: Brandy Winbush

Coach Clark has been an all-around great coach and friend. He helped me get through any tough time I had whether it was school or basketball. He was there for me 100% of the time. I personally think Coach Clark is an amazing human being. If it wasn't for him pushing me every day to be the best I could be on and off the court, I don't think I would of made it this far and graduated.

**Faculty: Vic Martin**

– Nominated by: Katie Seeman

Vic made an impact on me this year by guiding me to the right career path. I was confused on which way I wanted to go in agriculture and he helped me through it. He is an amazing teacher and makes sure you understand what's going on before the class moves on. I love being in his class and having him as an advisor. He always checks on me to be sure I'm doing okay with life and school. He definitely made my time at Barton great!

**Faculty: Dana Weber**

– Nominated by: Haley Petz

Dana Weber is the best teacher I've ever had. She truly cares if you learn and makes it fun and interesting. She made me a better lab technician.
