Message from the President

Barton Community College provides a comprehensive learning environment and is committed to the success of each student. Essential to our commitment is the safety and security of our students, employees, and the public.

To this end, Barton addresses its responsibility for accountability as dictated by the *Jean Clery Disclosure of Campus Security Policy and Crime Statistics Act*. This guide mandates higher education institutions to disclose information concerning crime on and near college facilities.

The Barton Campus Safety Office, in coordination with the Vice President of Administration, the Vice President of Student Services, and the *Clery Act* Compliance Team prepares this report annually in order to meet the safety provisions outlined in the *Clery Act*. This report is created in cooperation with local law enforcement agencies in the area, Student Services, Residential Life, Campus Safety Authorities, and other departments and individuals which may have information necessary to comply with the *Clery Act*.

The 2026 *Annual Security Report* is published on our website and provides information concerning programs, services, and statistical data. If you have any questions or need additional information, please get in touch with the Barton Campus Safety Office at (620) 792-9217 or the Student Services office at (620) 792-9282.

Dr. Marcus Garstecki

The Clery Act

The Jeanne Clery Disclosure of Campus Safety Policy and Campus Crime Statistics Act commonly referred to as the Clery Act, is a federal mandate requiring all institutions of higher education that participate in federal student financial aid programs to disclose information about certain campus policies, procedures and crime that occurs on the campus and certain off campus locations. The Clery Act affects nearly all public and private institutions and is enforced by the U.S. Department of Education.

Jeanne Clery, a 19-year-old Lehigh University freshman, was raped and murdered while sleeping in her dorm room in 1986. Jeanne did not know her killer. He was a freshman student at the university. Her assailant is now spending his life behind bars without parole.

Her parents believe that she would have been more cautious if she had known about other violent crimes at Lehigh University. The Clerys committed themselves to creating enduring change. They were alarmed by the lack of information provided students and families about the rapid increase of violent and non-violent

incidents on campuses; they realized that while crimes were being reported to campus authorities, the administration often failed to provide adequate warnings about those incidents – even more troubling, there were no uniform laws mandating them to do so.

The Clerys took their fight to Capitol Hill. In 1990, three years after the organization's founding, Congress approved the Crime Awareness and Campus Security Act. Later renamed in Jeanne's memory, the Jeanne Clery Act took effect in 1991. It requires colleges and universities to disclose their security policies, keep a public crime log, publish an annual crime report, and provide Timely Warnings to students and campus employees about crime posing an immediate or ongoing threat to students and campus employees. The law also ensures certain basic rights for victims of campus sexual assaults and requires the U.S. Department of Education to collect and disseminate campus crime statistics. --Clery Center for Security on Campus

Additional amendments occurred in 2013 when The Violence Against Women Reauthorization Act (VAWA,) also known as the Campus SaVE Act, was signed into law which imposes additional obligations on colleges and universities under Title IX and Clery crime reporting. Under VAWA, colleges and universities are required to report Sexual Misconduct, Domestic Violence, Dating Violence, and Stalking along with crime categories the Clery Act already mandated. A definition of these and all other Clery reportable crimes and statistics are found at the end of this report.

The Clery Act was again amended to add the **Stop Campus Hazing Act (SCHA)** which went into effect beginning January 2025. It prioritizes campus hazing prevention, reporting, and increased transparency that furthers campus safety requirements. It requires the inclusion of hazing statistics in annual security reports. It also requires the implementation of hazing policies and prevention education. Lastly, it also mandates compilation of a campus hazing transparency report. <https://bartonccc.edu/stop-campus-hazing-act>

Hazing is defined in the Barton Code of Student Conduct as:

“an act which:

- causes or creates
- a risk to the mental or physical health or safety of a student
- for the purpose of initiation into, affiliation with, or maintenance of membership in a student organization or group.
- This organization or group can be two or more students and
- need not be an established or recognized organization.
- Consent or agreement of a student to be hazed is not a defense to a charge of hazing.”

Under the Stop Campus Hazing Act, the definition of hazing has considerably broadened and is not limited to historical groups involved in hazing, such as athletic teams, band, and fraternities and sororities.

GOAL

The goal of the *Clery Act* is to ensure that accurate information about campus crimes committed, and security procedures are published and accessible to students, employees, parents, prospective students and employees, and the public.

Preparing the Annual Security Report (ASR)

The Barton Community College Campus Safety Office, in collaboration with the Clery Act Compliance Team (CACT), and the Sexual Misconduct and Assault Resource Team (SMART) prepares this report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. Campus crime, arrest, and referral statistics include those reported to Campus Safety, designated campus officials, and crime statistics from law enforcement agencies with jurisdiction surrounding the Barton Community College campus.

This report includes statistics for the previous three years concerning reported crimes that occurred on campus, and on any public property within, or immediately adjacent to and accessible from the campus. It includes institutional policies concerning campus security, alcohol and drug use, crime prevention, the reporting of crimes, sexual assault, and other matters required by law. This publication is made available to all members of the college community and the public.

Distribution of the Annual Security Report

Compilation and distribution of an annual report is mandated for all institutions participating in the student financial aid programs under Title IV of the Higher Education Act of 1965. Under the Crime Awareness and Campus Safety Act of 1990, institutions are required to disclose information about campus safety policies and procedures and to provide statistics concerning the occurrence of certain criminal offenses by designated categories. The report must also include statements about campus law enforcement policies, Campus Safety education and prevention programs, alcohol and drug policies, sexual assault education, vehicles(s) for reporting and procedures for handling reports of sexual assault.

The 2008 Amendments to the Higher Education Opportunity Act (HEOA) require Title IV Institutions to collect and publish statistics related to fire and smoke events, fire prevention policies, and fire safety equipment as these items pertain to residence halls owned and controlled by the institution.

For further information about the Annual Security Report, Fire Safety Report, or the Jeanne Clery Disclosure of Campus Safety Policy and Campus Crime Statistics Act, view the [report](#) online, or to request a hard copy of the report(s), contact the Barton Campus Safety Office at 620.792.9217.

Each year, the college distributes a campus-wide email notification to all faculty, staff, and currently enrolled students announcing the availability of this report.

All prospective students or employees may view a copy by contacting the Director of Campus Safety at 620.792.9217 or in person at T-154 or by contacting the Barton Director of Facility Management at 620.792.9339 or in person at T-153 during regular office hours.

In addition to this report, the college maintains a Daily Crime Log of crimes committed. The crime log for the most recent 60-day period is open to public inspection, upon request, during regular business hours (7:30 a.m. to 4:30 p.m.). Any portion of the log that is older than 60 days will be made available within two business days of a request for public inspection. For further information about the Crime Log, contact the Barton Campus Safety Office at 620.792.9217.

I. GEOGRAPHY

Barton Community College is comprised of a main campus located in Great Bend, Kansas with several non-campus locations that are used by the college. The college has identified all areas that are public property adjacent to campus, off campus, and the campus itself. Those defined geographical areas are used to capture data of reported crimes to Campus Safety and local law enforcement and is used for inclusion into the annual security report. Further detail can be found in **Section XI CLERY GEOGRAPHY, CRIME DEFINITIONS, and CRIME STATISTICS**.

Questions related to Clery Geography may be addressed to the Vice President of Administration, 620.792.9235 or ext. 235.

II. CRIME STATISTICS

See page 39, Section XI., **CLERY GEOGRAPHY, CRIME DEFINITIONS, and CRIME STATISTICS**

III. CAMPUS SAFETY AUTHORITY

“Campus Safety Authority” is a *Clery Act*-specific term that encompasses four groups of individuals and organizations associated with an institution.

- *A campus police department or a campus security department of an institution.*
- *Any individual or individuals who have responsibility for campus security but who do not constitute a campus police department or a campus security department (e.g., an individual who is responsible for monitoring the entrance into institutional property).*

- *Any individual or organization specified in an institution's statement of campus security policy as an individual or organization to which students and employees should report criminal offenses.*
- *An official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline and campus judicial proceedings. **An official is defined as** any person who has the authority and the duty to act or respond to particular issues on behalf of the institution.*

The following employees are identified as Campus Security Authorities and are required to report crimes for the Annual Security Report. The intent of including non-law enforcement personnel in the role of CSA is to acknowledge that some community members, particularly students, may be hesitant about reporting crimes to Campus Security or the police; however, they may be more inclined to report incidents to other campus-affiliated individuals. The Title IX Coordinator conducts an annual CSA training for all designated personnel.

Crime/Emergency and Non-Emergency Reporting

Regardless of CSA or non-CSA status, all college community members, visitors, and guests are encouraged to promptly report all campus criminal incidents and other public safety-related emergencies to Campus Safety. **For incidents requiring immediate attention, call 911.** Individuals can report non-emergency incidents by dialing 620.792.9217, extension 217 from any campus phone, or in person at the Campus Safety office located in Room T-154, Technical Building; 245 NE 30 Road, Great Bend, Kansas. They can also use the Barton Rave Guardian App available here <https://bartonccc.edu/campussafety/barton-guardian>

Campus Counselors and Confidential Reporting

Select individuals who have significant responsibility for student and campus activities are exempt from disclosing information—the 1998 amendments to 20 U.S.C. Section 1092 (f), campus “Professional Counselors,” when acting as such, are not considered to be a campus security authority, and are not required to report crimes for inclusion into the annual disclosure of crime statistics. As a matter of policy, they are encouraged, if and when they deem it appropriate, to inform persons being counseled of the procedures to report crimes voluntarily for investigation and inclusion in the annual crime statistics.

- **Professional counselor.** *A person whose official responsibilities include providing mental health counseling to members of the institution’s community and who is functioning within the scope of his or her license or certification. This definition applies even to professional counselors who are not employees of the institution but are under contract to provide counseling at the institution.*

To be exempt from disclosing reported offenses, professional counselors **must be acting in the role of professional counselors.** This means that a dean of students who has a professional counselor’s license but is employed by the institution only as a dean and not as a counselor is not exempt from reporting.

Barton does employ a professional counselor. A professional counselor is an employee of an institution whose official responsibilities include providing mental health counseling to members of the institution’s community and functioning within the scope of the counselor’s license or certification.

Who is not a Campus Security Authority?

The following non-CSA positions/functions include but are not limited to: faculty member without responsibility for student and campus activity beyond the classroom; physicians/nurses in the Health Center who only provide care; clerical or administrative support staff; cafeteria staff; facilities maintenance staff; information technology staff; licensed mental health counselors when acting within the scope of their license or certificate; and other like functions.

Role of a Campus Security Authority (CSA)

CSAs are encouraged to report all crimes reported to them on a timely basis to Campus Safety. However, under the Clery Act, CSAs are only obligated to report Clery Act-qualifying crimes that occurred on campus in public areas bordering campus and in certain non-campus buildings owned or controlled (leased) by the college. The intent of including non-law enforcement/safety personnel in the CSA role is to acknowledge that some community members and students in particular, may be hesitant about reporting crimes to the police or Campus Safety but may be more inclined to report incidents to other campus employees that are affiliated with the college.

Under the guidance of the Title IX Coordinator, annual training for CSAs is provided through a cooperative effort between the Sexual Misconduct and Assault Resources Team and the Clery Act Compliance Team. The Title IX Coordinator maintains training documentation.

In general, CSA responsibilities include:

- Complete annual, mandatory training.
- Dial 911 in an emergency or if anyone is in imminent danger.
- Provide resources or referral to the individual for help and support.
- Inform the individual that the incident must be reported as a confidential statistic.
- Report *Clery Act* crime allegations, made in good faith, to Campus Safety as soon as possible.
- When in doubt, report the crime!

CSA Incident Reporting Procedures

A Campus Security Authority (CSA) who receives information regarding a Clery Act reportable incident is responsible for submitting a [Campus Safety Department Voluntary Statement](#) to the Director of Campus Safety within 24 hours of receiving the information. It is **not** the responsibility of the Campus Security Authority to determine whether a crime took place. When in doubt, a [Campus Safety Department Voluntary Statement](#) should be completed and submitted. It is also **not** the CSAs responsibility to try and convince a victim to contact law enforcement if the victim chooses not to do so.

View the CSA Incident Report Flow Chart on the following page.

CSA Incident Report Flow Chart

In an emergency, including acts or threats of violence, always call 911. CSAs should not investigate the crime or attempt to determine whether a crime, in fact, took place. When in doubt, complete and submit a [Campus Safety Department Voluntary Statement](#).

A CSA must report an incident if it occurred:

- On campus
- In on-campus housing facilities
- On public property adjacent to the campus (e.g., sidewalks, roads, parking lot)
- On non-campus property owned or controlled by the college

Procedure for Collecting and Reviewing Crime Reports from CSAs

The responsibilities of the Director of Campus Safety, include:

- Compile and disclose statistics of *Clergy Act* Crimes that occurred on On-Campus Property, Non-Campus Property, and Public Property.
- Collect *Clergy* Crime data from reports made to Campus Safety, CSAs, and local law enforcement as incidents occur.
- Contact local law enforcement annually requesting any unreported crime data or a statement indicating that no crimes occurred during the reporting period.
- Maintain a Daily Crime Log and make the Crime Log available for review.

- Collaborate with the Clery Act Compliance Team to provide annual training for CSAs
- Evaluate CSA crime reports for potential inclusion in the Annual Security Report.
- Complete the Department of Education Annual Campus Safety and Security Survey using *Clery Act* crime statistics reported over the past three years.
- Publish and distribute an Annual Security and Fire Safety Report by October 1, including:
 - *Clery Act* crime data by type and location;
 - Policies, procedures, and programs.

IV. STATISTICS FROM LOCAL LAW ENFORCEMENT AGENCIES

In addition to collecting crime reports from campus security authorities, the college makes a reasonable effort to obtain Clery crime statistics from local law enforcement agencies with jurisdiction over the school's Clery geography. Each year the Director of Campus Safety sends a letter to those law enforcement agencies requesting crime data on property that the college has identified as public property adjacent to campus, off-campus, and the campus itself. The Director of Campus Safety uses data from those defined geographical areas to capture reported crimes and incorporate them into the *Annual Security Report*. For purposes of documentation, the Campus Safety Office retains all response letters. Accordingly, if no response is received, the college will note the lack of response in the *Annual Security Report*.

V. DAILY CRIME LOG

In accordance with Federal Law, the college maintains a Daily Crime Log of all alleged criminal incidents, including non-*Clery Act* crimes, reported to the Campus Safety Office regardless of how much time has passed since the alleged incident occurred. The Director of Campus Safety is responsible for maintaining the electronic crime log, which includes the following information:

- Nature of the crime
- Date and time the crime occurred
- General location of the crime
- The disposition of the complaint, if known

The Crime Log server is backed up each evening and copies are stored on a separate unit. Barton Information Services provides oversight and monitoring for all network systems.

The crime log for the most recent 60-day period is open to public inspection, upon request, during regular business hours (7:30 a.m. to 4:30 p.m.). The log is available for review to the public. It includes the nature of the crime, date of occurrence, time of the event, general location, and disposition of the complaint if known. The most recent 60-day period is available immediately. Any portion of the log older than 60 days will be made available within two business days of a request for public inspection. The law requires that this initial information be open for public inspection within two business days of the report of the crime: unless the release of the information would jeopardize an ongoing investigation, cause a suspect to flee, prohibited by law, would jeopardize the confidentiality of the victim, or result in the destruction of evidence. It also requires new information about the entries is made available within two business days.

For further information about the Crime Log or to view the Crime Log, contact the Barton Campus Safety Office at 620.792.9217 or ext. 217.

VI. EMERGENCY NOTIFICATIONS AND EVACUATION PROCEDURES

An **Emergency Notification** is triggered upon confirmation of a significant emergency or dangerous situation occurring on the campus that involves an immediate threat to the health or safety of students or employees. An “immediate” threat includes an imminent or impending threat, such as an approaching forest fire, or a fire currently raging in a campus building. Some other examples of such threats include:

- outbreaks of serious illnesses (e.g., meningitis, norovirus, etc.);
- approaching tornado or other extreme weather conditions;
- earthquake;
- gas leak;

Access

The Barton Campus Safety Office controls access to Barton County Campus facilities. During the college's regular operating hours, the college (excluding student housing) is open to students, employees, visitors, guests, contractors, and invitees. Barton Campus Safety Officers regularly patrol the campus and Student Housing 24 hours a day.

After-hours access to academic and administrative buildings is allowed only to personnel who have a legal and legitimate reason to be in the buildings during those times. Outside of regular operating hours, a Campus Safety escort or assigned keys are required to access certain restricted areas. Some facilities may have individual hours, which may vary at different times of the year. Examples are the Kirkman Student Activity Center, Shafer Memorial Art Gallery, Student Union, and Learning Resource Center. In these cases, Campus Safety will secure the facilities according to schedules developed by the department responsible for the facility. For information about the access protocol for a particular building or to request an escort on or off-campus, contact Barton Campus Safety at (620) 792-9217.

The college facility reservation system grants visitors seeking access to a building for event access. Intercollegiate athletic facilities and events are restricted to paying customers, students with current student IDs, and faculty and staff with tickets. Access during athletic events is controlled, and security is provided as needed and required.

Security cameras are placed at strategic locations around campus, in most buildings and parking areas. Cameras focus on higher-risk areas, such as facility entrances, elevators, and secure areas. Safety Officers routinely monitor cameras from a central monitoring and recording station.

Security Considerations Used in Maintenance of Campus Facilities

The Barton Facilities Management staff maintain buildings, grounds, utility systems, and custodial services with concern for safety and security. The staff inspects campus facilities regularly, promptly makes repairs affecting safety and security, and responds immediately to reports of potential safety and security hazards, such as broken windows and locks. They provide electricity, running water, waste disposal, custodial services, landscape maintenance, building renovation, and emergency repairs. During non-office hours and holidays, a Facility Management representative is on-call to respond to emergencies. Campus Safety Officers regularly patrol the campus and Student Housing and report unsafe physical conditions to Facility Management. Faculty and staff are also encouraged to report maintenance issues. For information about any of these services, call Facilities Management at 620.792.9339 for emergencies that occur outside of business hours; contact Campus Safety at 620.792.9271.

In cases of minor violations of state statute, city and county ordinances, or college rules, regulations, or policies, campus safety officers may, in addition to, or in lieu of criminal charges, refer violators to the Vice President of Student Services for disciplinary action under the Code of Student Conduct.

Criminal incidents are referred to the local law enforcement agency that has jurisdiction on the respective campus. The Barton County Campus Safety Department has a professional working relationship with neighboring jurisdictions. Regularly the departments share information, assist with investigations and training, and provide uniform backup when needed. All crime victims and witnesses are strongly encouraged to report the crime to the Barton Campus Safety office and the local law enforcement agency immediately. Prompt reporting will assure Timely Warning notices on-campus and timely disclosure of crime statistics.

Officers receiving information about a crime occurring on campus will initiate a written report of that crime. Incidents involving criminal activity are brought to the attention of all Campus Safety Officers and may be reported to the Barton County Sheriff's Office for further investigation if needed. These reports may be forwarded to the office of the Barton County Attorney for possible criminal charges. The County Attorney has final discretion over the disposition of all criminal cases.

IX. SECURITY AWARENESS AND CRIME PREVENTION PROGRAMS

When a Barton student is involved in a non-campus offense, Barton Campus Safety officers may assist with the investigation in cooperation with local, state, or federal law enforcement when requested.

XI. DRUG AND ALCOHOL POLICY STATEMENTS

The college is committed to protecting the safety, health, and well-being of all employees, students, and visitors in the educational and work environment. We recognize that alcohol abuse and drug use pose a significant threat to our goals. Therefore, we have established a drug-free program that balances our respect for individuals with the need to maintain an alcohol and drug-free environment. The [Barton Drug-Free Environment Policy](#) applies to students, employees, and visitors. The college published the following policy statements on the Barton website as well as in the Student Housing Handbook.

Drug-Free Schools and Communities Act

Barton Community College supports and endorses the Federal Drug-Free Workplace Act of 1988 (Public Law 100-690, Sec. 5151 et. seq.) and the Drug-Free Schools and Communities Act amendments of 1989 (Public Law 101-226). Pursuant to these Acts, the unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance or abuse of alcohol (as defined in these Acts) by a student on college property or as part of any college activity is prohibited.

The college will distribute to all students a statement of compliance in accordance with the applicable provisions of the law. The college will conduct a biennial review of this procedure as required by the Drug-Free Schools and Communities Act of 1989. A student who violates this policy shall be subject to appropriate disciplinary action that may include fines, suspension, expulsion, demotion, non-renewal, referral for prosecution, and/or termination as provided in the [Student Code of Conduct Policy](#).

Consistent with its [educational mission](#), the college encourages its members to seek social and leisure alternatives to drug and alcohol use that are pro-social and enhance personal well-being. To this end, the college hosts a variety of alcohol and other drug-free activities throughout each year and provides services and resources for members of the college community who experience alcohol or drug-related difficulties. For more information, contact the Vice President of Student Services at 620.792.9226 or in L-137.

Kansas Statutes Regarding Alcohol, Drugs, and Tobacco

The following are violations of Kansas Statutes (as well as Barton Community College conduct standards) and may result in disciplinary action up to and including reporting to local law enforcement and dismissal from Student Housing and the college:

Possession, Use, and Sale of Alcoholic Beverages

Barton Community College seeks to encourage an academic environment that maintains and promotes the health, safety, and welfare of all members of this campus. In keeping with those objectives, the college has established policies and guidelines governing the possession, sale, and consumption of alcoholic beverages on the campus: Drug-Free Schools and Communities Act Policy.

Possession or consumption of alcoholic beverages is not permitted on property owned or controlled by Barton Community College. Also, intentionally or knowingly selling or furnishing alcoholic beverages to persons under the age of 21 years is a violation of college rules and laws of the State of Kansas under K.S.A 41-727 and K.S.A. 21-5607. Likewise, the possession or consumption of alcohol by any person on the college's campuses except as allowed for special events, Camp Aldrich, and private residences owned by the college (Residence Life Coordinator and Student and Residence Life Assistant) is prohibited regardless of age.

Illegal Drugs

Barton Community College does not condone the possession, sale, distribution, or use of illegal drugs or other hallucinogens on the campus. Anyone known to be possessing, using, selling, or distributing such drugs is subject to disciplinary action as well as arrest and fine or imprisonment according to State Statute K.S.A. 21-5706. Additionally, Barton considers items such as hookahs as drug paraphernalia.

Smoking

In accordance with KSA Bill No. 21-6110, smoking is prohibited in all college buildings. Tobacco is defined as all tobacco-derived or containing products, including, but not limited to, cigarettes (clove, bidis, kreteks), electronic cigarettes (vaping), cigars and cigarillos, hookah-smoked products, and oral tobacco (spit and spitless, smokeless, chew, snuff). Barton prohibits the use of all forms of tobacco in college buildings including gyms and sports arenas.

Tobacco use is allowed at least twenty (20) feet from any building entrance. [The Tobacco Use Campus Policy](#), effective spring 1994, states that no tobacco products (including smokeless tobacco) are allowed in any college building.

POLICY 1126 - DRUG FREE ENVIRONMENT

The college is committed to protecting the safety, health and well-being of all employees, students and visitors in the educational and work environment. We recognize that alcohol abuse and drug use pose a significant threat to our goals. Therefore, we have established a drug-free program that balances our respect for individuals with the need to maintain an alcohol and drug-free environment.

Prohibited Behavior

In compliance with the Federal Drug-Free Workplace Act of 1988 (Public Law 100-690) and the Drug Free Schools and Communities Act of 1989 (Public Law 101-226), the unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance or abuse of alcohol (as defined in these Acts) by a student, employee or visitor on college property and/or at a college event or activity is prohibited unless its use is in accordance with Policy 1220-Service of Alcoholic Beverages for Special Events, including events at Camp Aldrich, or is intended for personal use in private campus residences owned by the college..

Health Risks

The consumption of alcohol and drugs of any level may have serious risks, such as altered mood (anxiety, apathy, paranoia, psychosis); altered behavior (impaired coordination); sleep disorders, addiction, altered breathing and heart rate; communication of infectious disease; distorted senses; unconsciousness leading to coma; and permanent damage to the liver, heart and central nervous system leading to death. For more information, consult your physician, or your local or college library.

Assistance

The college recognizes that alcohol and drug abuse and addiction are treatable illnesses. We also realize that early intervention and support improve the success of rehabilitation. To support our employees and students, our drug-free policy:

- Encourages employees and students to utilize the services of qualified professionals in the community to assess the seriousness of suspected drug or alcohol problems and identify appropriate sources of help.
- Allows employees the use of eligible accrued leave while seeking treatment for alcohol and other drug problems.
- Treatment for alcoholism and/or other drug use supports exploration of whether employee or student health plans provide coverage for alcohol or other drug use disorders, recognizing that the ultimate financial responsibility for recommended treatment belongs to the employee or student.

Confidentiality

All information received by the college through the drug-free program is confidential communication. Access to this information is limited to those who have a legitimate need to know in compliance with relevant laws and college policies.

Attendance/Employment Conditions/Legal Sanctions

Students, employees, and visitors must abide by the terms of this policy or be subject to disciplinary action up to and including expulsion, termination of employment or other legal sanctions as may be provided in the Student Code of Conduct Procedure, the Employee Conduct and Discipline procedure, and/or through criminal prosecution.

- Students receiving performance awards or athletic scholarships may be subject to random drug testing in order to assure compliance with these Acts and college policy.
- The college reserves the right to test employees for a controlled substance or abuse of

alcohol with reasonable suspicion of cause to assure compliance with these Acts and college policy.

- Employees must notify the college of any criminal drug statute conviction for a violation occurring in the workplace no later than five (5) days after such conviction. Such notice shall be provided in writing by the employee to the Director of Human Resources.

College Requirements

1. When appropriate, notify any granting agency within ten (10) days of receiving notice of any employee criminal drug statute conviction.
2. Take appropriate personnel action within 30 days of receiving notice of a violation of college policy or criminal drug statute conviction, including but not limited to;
 - Referral for prosecution and employment termination.
 - Referral of employee to a Counseling/Rehabilitation Program;
 - Require convicted employee to participate satisfactorily in drug abuse assistance or rehabilitation program approved for such purposes by a federal, state, or local health, law enforcement, or other appropriate agency.
3. Make a good faith effort to continue to maintain a drug-free environment, including policy statement distribution and education.

Except for special events as allowable under Policy 1220, Barton has established in policy that the use and abuse of illegal and/or banned drugs will not be tolerated on college property or as part of college activities. Every effort is made to make students aware of the potential dangers of these activities and the sanctions associated with policy violations. For those found to be responsible for violations of alcohol and other drug policies, sanctions are enforced consistently. While there is no intent to intrude upon the student's private life, the college is interested in the well-being of its students, and the good of the entire college community.

XII. SEXUAL ASSAULT PREVENTION AND RESPONSES

POLICY 1132 – Civil Rights Equity Resolution for all Students, Employees, Guests & Visitors

To read the entire policy, please [click here](#).

Barton Community College affirms its commitment to promoting fairness and equity in all aspects of the educational enterprise. All policies below are subject to resolution using the college's Equity Grievance Process, as detailed below. The Equity Grievance Process is applicable regardless of the status of the parties involved, who may be members or nonmembers of the campus community, students, student organizations, faculty, administrators, or staff, although the 2020 Regulations pertaining to Title IX Sexual Harassment categories may limit who can be a complainant. The college reserves the right to act on incidents occurring on-campus or off-campus when the off-campus affects a substantial Barton interest of the college. The college will distribute/post this policy annually to campus, prospective students, their parents, and prospective employees.

Cheryl Brown serves as the Title IX Coordinator and oversees the implementation of the college's policy on equal opportunity, harassment, and nondiscrimination. Reports of discrimination, harassment, or retaliation should be made to the Title IX Coordinator or deputy/deputies promptly at 620.786.7441 or titleix@bartonccc.edu. There is no time limitation for filing complaints. If the accused individual is no longer a student or employee of the college, Barton has no jurisdiction over that person. A report or complaint can still be filed as there may be supportive measures available to the person making the report. The college acts promptly on all reports and makes every effort to preserve

the privacy of reporters. Individuals can file [anonymous reports online](#), and should be aware that without a named complainant and details, Barton may be limited in how it responds.

This policy applies to behaviors on campus, at college-sponsored events and may also apply to off-campus and online actions when the Title IX Coordinator determines that the off-campus conduct affects a substantial college interest. A substantial college interest includes:

- Any action that constitutes a criminal offense as defined by federal or Kansas state law. These offenses include but are not limited to single or repeat violations of any local, state, or federal law committed in the municipality where the college is located;
- Any situation where it appears that the accused individual may present a danger or threat to the health or safety of self or others;
- Any situation that significantly impinges upon the rights, property, or achievements of self or others or significantly breaches the peace or causes social disorder; or
- Any situation that is detrimental to the educational interests of the college.

Any online postings or other electronic communication by students, including cyber-bullying, cyber-stalking, cyber-harassment, etc. occurring entirely outside of the college's control (e.g., not on Barton Community College networks, websites, computing resources, or between college email accounts) will only be subject to this policy when evidence can show those online behaviors to cause a substantial on-campus disruption. Otherwise, such communications are considered speech protected by the First Amendment.

Off-campus discriminatory or harassing speech by employees may be regulated by the college when such speech impacts an employee's official or work-related capacity outside of work.

Sexual Harassment

The U.S. Department of Education's Office for Civil Rights (OCR), the Equal Employment Opportunity Commission (EEOC), and the State of Kansas regard Sexual Harassment, a specific form of discriminatory harassment, as an unlawful discriminatory practice.

Barton has adopted the following definition of Sexual Harassment in order to address the unique environment of an academic community.

Acts of sexual harassment may be committed by any person upon any other person, regardless of the sex, sexual orientation, and/or gender identity of those involved.

Sexual Harassment, as an umbrella category, includes the offenses of sexual harassment, quid pro quo, sexual assault, domestic violence, dating violence, and stalking, and is defined as:

1. Quid Pro Quo:
 - a. an employee of Barton,
 - b. conditions the provision of an aid, benefit, or service of Barton,
 - c. on an individual's participation in unwelcome sexual conduct; and/or
2. Sexual Harassment:
 - a. unwelcome conduct,
 - b. determined by a reasonable person,
 - c. to be so severe, and
 - d. pervasive, and,
 - e. objectively offensive,
 - f. that it effectively denies a person equal access to Barton's education program or activity.¹

¹ Unwelcomeness is subjective and determined by the Complainant (except when the Complainant is below the age of consent). Severity, pervasiveness, and objective offensiveness are evaluated based on the totality of the circumstances from the perspective of a reasonable person in the same or similar circumstances ("in the shoes of the Complainant"), including the context in which the alleged incident occurred and any similar, previous patterns that may be evidenced.

XIII. PROGRAM TO PREVENT DATING VIOLENCE, DOMESTIC VIOLENCE, SEXUAL ASSAULT, AND STALKING

The Sexual Misconduct and Assault Resource Team (SMART) includes Barton's Title IX Coordinator and Deputy Coordinators, individuals representing faculty, Campus Safety, counseling services, health services, administration, athletics, local crisis center advocates, and others appropriate and necessary. SMART meets from time-to-time to address policy, programming, training, and other responsibilities to ensure compliance with Civil Rights Equity requirements, including Title IX. SMART can include additional representatives from the campus and broader community to provide valuable perspective and feedback related to the college's efforts.

While SMART recognizes that prevention efforts regarding dating violence, domestic violence, sexual assault, and stalking cannot successfully eliminate all actions of misconduct, the team works with the Title IX Coordinator to create a campus climate that does not tolerate these actions. The team evaluates college policies and establishes procedures to address violations, provide adequate support for victims, and manage awareness and prevention education to create a culture of respect for all campus community members. With this in mind, SMART participates in a multi-modal approach, including:

- Student presentations regarding resources and affirmative consent at the beginning of the academic year during orientation and housing meetings.
- Annual online student and employee training courses that include risk behavior reduction, bystander intervention, and reporting options and resources.
- The organization of community presentations, guest speakers, and film screenings on bystander intervention, date rape, digital dangers, Title IX, and gender relations.
- Small group chats for students and employees to discuss campus policies and procedures, consent, and resources.
- On-call on-site advocacy services from Family Crisis Center (FCC) for confidential victim services or transportation assistance to the FCC location as needed.
- Annual off-site training for multiple employees through non-profit organizations such as Jana's Campaign and ATIXA.

XIV. VICTIMS OF CRIMES OF VIOLENCE

Barton Community College will, upon written request, disclose to the alleged victim of a crime of violence (as that term is defined in Section 16 of Title 18, United States Code), or a non-forcible sex offense, the report on the results of any disciplinary proceeding conducted by such institution against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as a result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for this paragraph.

XV. WORKING RELATIONSHIP WITH LOCAL AND STATE LAW ENFORCEMENT

The Campus Safety Office maintains a professional working relationship with the Great Bend Police Department, Barton County Sheriff's Office, Kansas Department of Public Safety, and the Kansas Bureau of Investigation, and similar local law enforcement agencies for all other Barton sites.

The Campus Safety Office works closely with agencies when incidents arise that require joint investigative efforts, resources, crime-related reports, and exchange of information, as deemed necessary. These working relationships have no written agreement but are maintained through periodic communications among agency administrators and frequent contacts between officers and investigators cooperating on specific cases.

All crime victims and witnesses are encouraged to report crimes immediately to Barton Campus Safety or the appropriate law enforcement agency.

XVI. SEX OFFENDER REGISTRATION

In accordance with the “Campus Sex Crimes Prevention Act” of 2000, which amends the Jacob Wetterling Crimes Against Children and Sexually Violent Offender Registration Act, the Jeanne Clery Act, Adam Walsh Child Protection and Safety Act of 2006, and the Family Educational Rights and Privacy Act of 1974, institutions of higher education are required to issue a statement advising the campus community where individuals may obtain information about registered sex offenders. This act requires registered sex offenders to indicate when they are enrolled or employed at institutions of higher learning. The law further requires the state law enforcement authority, the Kansas Bureau of Investigation, to provide Barton Community College with a list of registered sex offenders who have indicated that they are either enrolled, employed, carries on a vocation, or volunteers services with the College.

The Kansas Supreme Court’s decision in *State v. Myers*, 260 Kan. 669 (1996), the Kansas Offender Registration, enacted by K.S.A. 22-4901 et seq., contains information only on convicted offenders who committed their offenses after April 14, 1994. The State of Kansas maintains a system for making certain registry information on sex offenders is publicly available by means of the Internet. The registrant has provided the information contained in the registration. The Kansas Bureau of Investigation (K.B.I.) and the sheriff’s office cannot guarantee the accuracy of this information. It is common for offenders to move and fail to notify the sheriff’s office in their county of residence of that change. This information is updated continuously; however, the K.B.I. cannot guarantee day-to-day accuracy. Individuals can obtain further information on any registered offender from the sheriff’s office in the registrant’s county of residence or on the [state website](#).

XVIII. MISSING STUDENT NOTIFICATION SYSTEM

2180 - Barton Community College Missing Student Procedure

In compliance with 20 U.S.C. 1092 (j) § 488 of the Higher Education Opportunity Act of 2008, any institution participating in a Title IV federal financial aid program that maintains on-campus housing facilities must establish a missing student notification procedure and related procedures.

This procedure establishes Barton’s response to a report of a residential student who is potentially missing. This procedure applies to students who reside in on-campus housing.

For the purposes of this procedure, the following terms are defined as noted:

- “missing student” refers to any Barton student who resides in a facility owned or operated by the

college and reported as missing from their residence for more than 24 hours

- “emergency contact” is the identification of an individual, often a parent or guardian, who the student indicates should be contacted in any emergency
 - At Barton, students residing on campus are required to provide an emergency contact. This information is required in the Summer and Fall 2026 housing application.
- “confidential contact” is the identification of an individual who should be contacted in the specific case of a suspected missing person situation
 - At Barton, students residing on campus have the option of identifying a person of their choice to be contacted in the specific case they are reported missing. The contact will be noted on their student housing contract filled out annually, retained by Residence Life personnel and able to be accessed by Student Life, Safety and other authorized personnel.
 - Students should be sure that this contact knows how to reach them in case of emergency, and have a general idea of the student’s general daily routine and any travel plans. This person should be someone the student trusts to aid officers in determining the student’s whereabouts, or verifying that further investigation and/or entry into national missing persons databases is warranted.
 - The person a student designates as their “confidential contact” shall be considered confidential, will be considered separately from the general “emergency contact,” and is only to be accessed by Barton officials after the student has been reported missing.
 - In the event that no “confidential contact” is identified, the “emergency contact” will be notified.

For purposes of this policy, a student will be considered missing, if a roommate, classmate, faculty members, family member or other campus person have not seen the student in a reasonable amount of time. A reasonable amount of time may vary with the time of day and information available regarding the missing person’s daily schedule, habits, punctuality, and reliability. Individuals will be considered missing immediately, if their absence has occurred under circumstances that are suspicious or cause concerns for their safety. If the initial report that a person is missing is made to a department other than the Barton Campus Safety Department, the employee receiving the report will ensure that Campus Safety is contacted immediately.

Campus Safety Department 620-792-9217 Campus Safety is open 24 hours a day, 7 days a week and is located in the Technical Building in Room T-154. In case of emergency, call 911.

Campus Safety will conduct an initial investigation to determine if the person appears to be missing, or has simply changed his/her routine unexpectedly, and whether or not there is a reason to believe the person is endangered. Campus Safety will check student’s log in records, dining records, class schedules, interview fellow students, faculty and residence hall staff, and use other methods to determine the status of a missing person. From this initial investigation, the scope will continue to expand to make attempts to determine the location of the person reported missing to assure he/she is safe. As part of the investigation, Campus Safety will contact the confidential contact, if any. If a confidential contact is not identified, Campus Safety will contact the emergency contact.

Once a determination is made that a student living in on-campus housing is missing, the institution will notify local law enforcement of the situation within 24 hours. This statement addresses any missing student who lives in on-campus housing regardless of age or status, and regardless of whether he or she registered a confidential contact person. Campus Safety or the Vice President of Student Services would then notify the student’s emergency contact, if notification has not already taken place.

Note for Students Under the Age of 18 and NOT Emancipated:

For any student under the age of 18 who is not emancipated, Barton must identify a custodial parent or guardian not later than 24 hours after the time the student is determined to be missing, in addition to notifying the emergency contact person designated by the student. For any situation in which a missing person is believed to be endangered, this notification will be made as early as possible while officers are continuing to investigate.

Additional Missing Residential Student Information

In regard to missing student reports, the “confidential contact” information that is registered by the student will be confidential (assuming no FERPA release has been filed). The information will only be accessible to authorized campus officials and it will not be disclosed, except to law enforcement personnel in the furtherance of a missing person investigation.

In summary:

- Upon receiving a report of a missing student, Campus Safety will begin an investigation. This will include contacting the student’s confidential contact, if any.
- If during the course of their investigation, Campus Safety determines the student has been missing for more than 24 hours, Campus Safety will notify local law enforcement. The Vice President of Student Services will also notify the student’s emergency contact.

XIX. CLERY GEOGRAPHY, CRIME DEFINITIONS, AND CRIME STATISTICS

The following crime statistics are published in compliance with the Jeanne Clery Disclosure of Campus Safety Policy and Campus Crime Statistics Act. These statistics are compiled and released annually by the Barton Community College Campus Safety Office. For purposes of compiling and reporting its campus crime statistics and Campus Safety policies, Barton Community College used the definitions as set forth in this Section. The crimes defined are in accordance with the uniform crime reporting system of the Department of Justice, Federal Bureau of Investigation, and the modifications in such definitions as implemented pursuant to the Hate Crime Statistics Act. For the offenses of domestic violence, dating violence, and stalking, Barton's statistics were compiled in accordance with the definitions used in the Violence Against Women Act of 2022 (34 U.S.C.12291).

The Chief Institutional Research Officer submits the annual crime statistics published in this report to the United States Department of Education (DOE) via the annual web-based collection process. The statistical information gathered by the United States Department of Education is available to the public through the DOE website.

Definitions for Use in Classifying Crime Reports

The statistics on the following pages are published in accordance with the standards and guidelines used by the Federal Bureau of Investigation Uniform Crime Reporting Handbook and the Clery Act. The college classifies and discloses Criminal Offense, Hate Crime, arrest and disciplinary referral statistics based on definitions provided by the Federal Bureau of Investigation's (FBI's) Uniform Crime Reporting (UCR) Program. For the categories of Domestic Violence, Dating Violence, and Stalking, the Clery Act specifies that the college must use the definitions provided by the Violence Against Women Act of 2022.

Criminal Offense Definitions

Murder and Non-Negligent Manslaughter - the willful (non-negligent) killing of one human being by another.

Negligent Manslaughter - the killing of another person through gross negligence.

Sexual Assault (Sex Offenses) - any sexual act directed against another person, without consent of the victim, including instances where the victim is incapable of giving consent. There are four types of sex offenses:

- **Rape** is the penetration, no matter how slight, of the vagina or anus, with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim. This offense includes the rape of both males and females.
- **Fondling** is the touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.
- **Incest** is sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.
- **Statutory Rape** is sexual intercourse with a person who is under the statutory age of consent. (Note: If force is used or threatened, or the victim was incapable of giving consent because of his/her age or temporary or permanent or mental impairment, the offense is Rape, not Statutory Rape).

Robbery - is the taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

Aggravated Assault - an unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm.

Burglary - the unlawful entry of a structure to commit a felony or a theft. (Note: The UCR classifies offenses locally known as Burglary (any degree); unlawful entry with intent to commit a larceny or felony; breaking and entering with intent to commit a larceny; housebreaking; safecracking; and all attempts at these offenses as Burglary).

Motor Vehicle Theft - the theft or attempted theft of a motor vehicle. (Note: theft from a motor vehicle is Larceny, which is not a Clery Act crime.)

Arson - any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.

Hate Crime Offense Definitions

Hate Crimes - is a criminal offense that manifests evidence that the victim was intentionally selected because of the perpetrator's bias against the victim. Any of the aforementioned offenses, vandalism, larceny and any other crime involving bodily injury reported to local Security agencies or to a Campus Safety Authority are counted as hate crimes.

Although there are many possible categories of bias, only the following eight categories are reported under the Clery Act:

- **Race.** A preformed negative attitude toward a group of persons who possess common physical characteristics (e.g., color of skin, eyes, and/or hair; facial features, etc.) genetically transmitted by descent and heredity which distinguish them as a distinct division of humankind (e.g., Asians, blacks or African Americans, whites).
- **Religion.** A preformed negative opinion or attitude toward a group of persons who share the same religious beliefs regarding the origin and purpose of the universe and the existence or nonexistence of a supreme being (e.g., Catholics, Jews, Protestants, atheists).
- **Sexual orientation.** A preformed negative opinion or attitude toward a group of persons based on their sexual attraction toward, and responsiveness to, members of their own sex or members of the opposite sex (e.g., gays, lesbians, heterosexuals).
- **Gender.** A preformed negative opinion or attitude toward a group of persons because those persons are male or female. Gender bias is also a Clery Act specific term, not found in the FBI's Hate Crime Data Collection Guidelines.
- **Ethnicity.** A preformed negative opinion or attitude toward a group of people whose members identify with each other, through a common heritage, often consisting of a common language, common culture (often including a shared religion) and/or ideology that stresses common ancestry. (Note: the concept of ethnicity differs from the closely related term of "race" in that "race" refers to a grouping based mostly upon biological criteria, while "ethnicity" also encompasses additional cultural factors.)
- **National Origin.** A preformed negative opinion or attitude toward a group of people based on their actual or perceived country of birth.
- **Disability.** A preformed negative opinion or attitude toward a group of persons based on their physical or mental impairments, whether such disability is temporary or permanent, congenital or acquired by heredity, accident, injury, advanced age or illness.

In addition to the Hate Crime offenses defined, the four additional categories of offenses are reported as Clery Act offenses if (and only if) they are Hate Crimes.

- **Larceny-Theft** – the unlawful taking, carrying, leading or riding away of property from the possession or constructive possession of another. Constructive possession is the condition in which a person does not have physical custody or possession but is in a position to exercise dominion or control over a thing.
- **Simple Assault** – an unlawful physical attack by one person upon another where neither the offender displays a weapon, nor the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration, or loss of consciousness.

- **Intimidation** – to unlawfully place another person in reasonable fear of bodily harm through the use of threatening words and/or other conduct, but without displaying a weapon or subjecting the victim to actual physical attack.
- **Destruction/Damage/Vandalism of Property** – to willfully or maliciously destroy, damage, deface, or otherwise injure real or personal property without the consent of the owner or the person having custody or control of it. reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution's educational purposes, including residence halls; and (2) Any building or property that is within or reasonably contiguous to the area identified in paragraph (1) of this definition, that is owned by the institution but controlled by another person, is frequently used by students, and supports institutional purposes(such as a food or other retail vendor).

Dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse. It does not include acts covered under the definition of domestic violence.
- **Domestic Violence** – a felony or misdemeanor crime of violence committed by a current or former spouse or intimate partner of the victim; by a person whom the victim shares a child in common; by a person who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner; by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred; by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

Campus Security Policy and
Campus Crime Statistics Act**

XX. ANNUAL FIRE SAFETY REPORT

The Higher Education Opportunity Act of 2008 requires academic institutions to produce an annual fire safety report outlining fire safety practices, standards, and all fire-related on-campus housing statistics. The Facilities Management and Campus Safety Office (FMCSO) oversees the fire safety coordination for the Barton Community College, Great Bend campus. The Coordinator, working in collaboration with the Kansas Office of the State Fire Marshall, performs inspections, pre-operational reviews, fire hazard analysis, fire extinguishers, and fire evacuation training programs. These actions are designed to meet or exceed local, state, and national codes. The Director of Campus Safety performs all required fire drills on the Great Bend Campus and provides oversight and training for Campus Safety Officers, who are responsible for reporting fires, and maintains all statistical data required by the Department of Education.

a. Student Housing Facility Fire Safety System

Barton provides campus-based housing, collectively known as Prairie Village, which will accommodate a total of 442 residents.

- Bluestem – three-story dormitory built in 2014. Most of these units are set up as double occupancy suites (2 students), with a shared interconnecting restroom facility between the two rooms (4 students share the restroom). There are a few rooms with bathrooms that do not adjoin to other rooms available in this dorm. Occupancy: 174.
- Cottonwood – three-story dormitory built in 1999. All of these units are set up as double occupancy suites (2 students), with a shared interconnecting restroom facility between the two rooms (4 students share the restroom). Occupancy: 110.
- Meadowlark – these 3 housing units were built in 1978. The floor plan varies slightly from building to building. Most of the units have 4 double occupancy bedrooms, with one exception, which houses 3 double occupancy bedrooms, and a common space that can be set up as a Living room. Each building has a centrally located restroom. Total occupancy: 46.
- Sunflower – these units were built in 1981. There are 5 buildings used for housing and a Commons building that is available to all residents. All of these units are set up as double occupancy suites (2 students), with a shared interconnecting restroom facility between the two rooms (4 students share the large restroom). Total occupancy: 56.
- Bison Hall – these 7 housing units were built in 1977 and had an original capacity of 84 students and included an apartment for the Housing Coordinator. Over the years 3 of these buildings have been converted into academic/athletic spaces. 3 units remain, each with 3 double occupancy and 1 single occupancy bedroom. The units also have a common space that can be set up as a Living room. Each building has a centrally located restroom and will house 14 students. Total occupancy: 54.

Student Housing Facility Fire Safety and Sprinkler System

Integrated automatic sprinkler and fire alarm systems protect the Bluestem and Cottonwood Halls facilities. The central station in each facility monitors these systems, equipped with an automated dialer that contacts Campus Safety and 911 in an emergency.

Meadowlark, Bison, and Sunflower Halls are single-story units equipped with smoke detectors in each room. Fire extinguishers are strategically located throughout the student housing facilities.

There are no immediate plans for system upgrades; however, facility personnel and a representative of the State Fire Marshall regularly review the system.

Fire Extinguishers

Fire extinguishers are located on the main floor in Bluestem, Meadowlark, and Sunflower Halls and on each floor of Cottonwood Hall. The college's facility personnel and inspected by a representative of the State Fire Marshall.

Fire Safety Inspections

Fire safety inspections are performed no less than four times a year as required by the State Fire Marshall. Inspections may be conducted at any time at the discretion of the Housing Coordinator or his/her designee.

Outcomes as an anticipated result of training:

- Recite the appropriate actions to take were a fire to occur at a given location. Responses to assure staff is aware the fire must be reported either by pulling the fire alarm or by using the phone.
- Indicate doors to be closed to prevent the spread of fire beyond the initial location.
- Demonstrate the use of a fire extinguisher should fire be small enough.
- Identify appropriate escape routes (depending on fire location) and knowing the rendezvous location to meet up with other staff members.

Fire Training Policy

Campus Safety, in collaboration with Student Housing, presents the fire safety Program at the first residence hall meeting each year. Additional information and reminders on the fire safety zones and evacuation procedures is provided to all students, faculty, and staff prior to the annual fire drill.
