Course List

Barton Online provides you the opportunity to complete an Associate Degree online or a variety of Certificate Programs. Courses taken at other colleges and universities, plus any military and/or work experience, may be applied towards degree completion requirements at Barton. A minimum of 15 credit hours are required from Barton for degree completion. No matter what educational and career goals you have, Barton can help you to achieve them. Learn more about course and program options below!

Courses

Take charge of your class schedule! Barton Online provides a learning platform that puts you in charge of scheduling. Courses are scheduled in weekly blocks; you determine the time of day and the days of the week that you will attend class to complete the required course work by the weekly due dates put forth by the instructor.

Barton Online offers courses over fifteen sessions in five different time frames: 6 weeks, 8 weeks, 12 weeks, 16 weeks, and a four-week intercession in the Spring and Fall. Barton Online does not have a minimum class size and classes never cancel because of low enrollment.

Four-week intercession course content and rigor are comparable to those of other semesters and that the short term requires intensive study. For that reason, students are permitted to enroll for only two courses.

Enroll in the Barton Online course of your choice today! View the Barton Online [Academic Calendar](#) for further dates and session information.

The [Course Catalog](#) provides information on course descriptions, programs of study and more! (This link will redirect you to the main Barton website.)
