Preface

Barton Governance Manual

The Board of Trustees of Barton County Community College adopted the Carver Policy Governance® model on May 16, 1996. It serves as the foundation for all Board practices/policies. Barton Governance is based on the following principles:

Basic Principles of Policy Governance®

Adapted from the Carver Guide Series on Effective Board Governance® by John Carver and Miriam Mayhew Carver

Policy governance® provides an empowering and fundamental redesign of the board role. It emphasizes values, vision, empowerment of both board and staff, and the strategic ability to lead leaders. Under this model, a board crafts its values into policies. Except for what belongs in bylaws or enabling statutes, these categories of board policy contain everything a board has to say about values and perspectives that underlie all organizational decisions, activities, practices, budgets and goals. Because values permeate and dominate all organizational life, redesigning policy in this way presents the most powerful lever for expressing board leadership.

The Principles of Policy Governance®

The Trust in Trusteeship

The board represents the ownership of the organization. The primary relationship the board must establish, maintain, clarify and protect is its relationship with its “owners.” In most cases, community college boards consider the taxpayers the institution’s owners.

The Board Speaks With One Voice or Not at All

The power of boards is not as individual members but as a group. The strength of this single voice arises from the diversity of viewpoints and intentions its members bring to it, as well as the way the board focuses this multiplicity into unity. Differences among trustees must be respected and encouraged, but once a vote is taken those who lose must accept the decision and support its implementation.

Board Decisions Predominately Should Be Policy Decisions

The policy governance® model defines policy as the value or perspective that underlies action. Policies embody the board’s beliefs, commitments, values and vision. Therefore, they must be the product of the board and must remain under the control of the board. The model provides strict rules for policy form. Following are the four types of board policies. Examples provided are the broadest statements from the policies approved in concept by the Barton board in 1997.

Executive Limitations: The board establishes the boundaries of acceptability within which methods and activities can be responsibly left up to the president. These limiting policies apply to means rather than ends.

Example: The President shall act at all times in an exemplary manner consistent with the responsibilities and expectations vested in that office. The President shall act in a manner consistent with Board policies and consistent with those practices, activities, decisions, and organizational circumstances which are legal, prudent, and ethical.

Board Process: The board determines its philosophy, its accountability and specifics of its own job. The effective design of its own board process ensures that the board will fulfill its three primary responsibilities: maintaining links to the ownership, establishing the four categories of written policies and assuring executive performance.

Example: On behalf of the owners of Barton County Community College, the board will govern the college through the expressions of its policies.

Board-President Relationship: The board clarifies the manner in which it delegates authority to the president as well as how it monitors and evaluates the president's performance according to the ENDS and executive limitations policies.

Example: The College President is accountable to the board, acting as a body. The board will instruct the president through written policies delegating implementation to the president.

ENDS: The board defines which human needs are to be met, for whom and at what cost. Written with a long-term perspective, these mission-related policies embody the board's long-range vision.

Example: Students will acquire the skills needed to be successful for the program they are in.

Boards Should Formulate Policy by Determining the Broadest Values Before Progressing to More Narrow Ones

Knowing that values come in sizes and that large value determinations contain ranges within which smaller ones occur is a key to the organization of board policies. When writing policies, the board speaks to the broadest values of all four areas before speaking to smaller values they contain. The board can go into as much detail as it chooses as long as it goes in one level at a time. When it reaches a sufficient level of policy detail, it must be ready to delegate all further definition and to accept any reasonable interpretation. Subsequent interpretation of policies in executive limitations and ENDS is delegated to the president. The board chairman is responsible for subsequent interpretation of board process and board-president relationship policy.

ENDS Determination Is the Pivotal Duty of Governance

The ends of an organization are the reasons for its existence. It is obvious that careful, wise selection of ENDS is the highest calling of trustee leadership. An educational board must become more sophisticated about the skills needed for personal and social success in the world to come. This means turning board

attention away from budgets, personnel issues or programs, and focusing on what good is to be done for whom and at what cost. ENDS language is never about what the organization will be doing; it is always about what will be different for others.

The Board's Best Control Over Staff Is to Limit, Not Prescribe

The organization's conduct, activities, methods and practices are its means. To exercise appropriate control without meddling, and to withdraw safely from the details of the means, the board must resist telling the staff how to do its job and must tell the president in writing what is unacceptable. By producing a "don't do it" list, the board builds an enclosure within which freedom, creativity and action are allowed and even encouraged. This method of means constraint makes it possible to govern with fewer board pronouncements, less board member dabbling into details of implementation, and greater accountability from the president.

A Board Must Explicitly Design Its Own Products and Process

In board process policy, the board states what it expects of itself. It commits itself to use committees only when necessary to help the board get its job done and never to help the staff with theirs. It outlines its own code of conduct, the way it will control and plan its own agenda, the duties of the chairman, and the nature of its linkage to its owners.

A Board Must Forge a Linkage with Management That Is Both Empowering and Safe

No single relationship is as important as that between the board and its president. The board must carefully craft a form of delegation that balances the need for executive effectiveness and with board responsibility. The board-president relationship policy commits to delegate to staff only through the president, and outlines the job products and evaluation process of the president. The board has the right to expect performance, honesty and straightforwardness from the president. The president has the right to expect the board to be clear about the rules, to speak with one voice, and to get its own job done.

Performance of the President Must Be Monitored Rigorously, But Only Against Policy Criteria

When the board has told its president to achieve certain ENDS without violating certain limitations, monitoring performance becomes no less and no more than checking actual performance against these two sets of expectations. By setting the criteria and demanding targeted and precise information, the board is able to effectively monitor the president.

The Board process will emphasize: (a) outward vision rather than an internal preoccupation; (b) encouragement of diversity in viewpoints; (c) strategic leadership above administrative detail; (d) clear distinction between Board and staff roles; (e) collective rather than individual decisions; (f) the future rather than the past or present; and (g) productivity. 1. Exercise its executive powers designated by federal and Kansas statute.
2. Enforce upon itself whatever discipline is needed to govern with excellence, allowing no officer, committee, or individual to impede fulfillment of this responsibility. Discipline will apply to matters such as attendance, policy-making principles, respect of roles, and speaking officially with one voice following majority vote.
3. Direct, control, and inspire the College through careful establishment of the broadest values and perspectives in the form of written policies.
4. Focus chiefly on intended long-term impacts (ENDS) on students and owners, not on the administrative or programmatic means of attaining those effects.
5. Be an initiator of policy, not merely a reactor to staff initiatives. The Board, not the staff, will be responsible for Board performance.
6. Use the expertise of individual members to enhance the ability of the Board, as a body, rather than to substitute their individual values for the group's values.
7. Monitor and regularly discuss the Board's own process and performance. Ensure the continuity of its governance capability through continual training and development.

POLICY TITLE: BOARD JOB DESCRIPTION

The job of the Board is to represent the owners in determining and demanding appropriate organizational performance. To distinguish the Board's own unique job from the role and functions of its staff, the Board will concentrate its efforts on the following job "products" or outputs.

1. Linkage with the public regarding ENDS. Input may be obtained in the following ways:
 - A. Meeting with individuals and organized or informal community groups (i.e., civic groups, churches, focus groups).
 - B. Observing and meeting with other public boards.
 - C. Hosting opportunities that afford owners the opportunity to learn about the College.
 - D. During open session of Board meetings.
2. Written governing policies which, at the broadest levels, address:
 - A. ENDS: Organizational products, impacts, benefits, outcomes, recipients, and their relative worth (what good for which people at what cost).
 - B. EXECUTIVE LIMITATIONS: Constraints on executive authority that establish the boundaries within which all executive activity and decisions must take place.
 - C. BOARD PROCESS: Specification of how the Board conceives, carries out, and monitors its own task.
 - D. BOARD-PRESIDENT RELATIONSHIP: The manner in which authority is passed to the President and assessment of the use of that authority.
3. Assure the President's performance by using the monitoring data as measured against Board Policies "ENDS" and on "Executive Limitations."

4. Select and discipline Board officers
 - A. A chairperson shall be selected, by majority vote of the Board members present, based on abilities to carry out the responsibilities of that position. (A chairperson, and other officers deemed necessary or required by statute, shall be elected on an annual basis during the official Board meeting in January).
 - B. If, for any reason, Board members believe the chairperson fails to fulfill the role as stated in these policies, they may, by majority vote of the entire Board, remove the chairperson from office and select a replacement for the remainder of the unexpired term as chairperson.
5. Impact legislative affairs through personal advocacy and participation with Kansas Association of Community College Trustees.
6. Monitor activities and performance of the Cougar Booster Club and Barton County Community College Foundation to ensure they are legal and supportive of the College.

POLICY TITLE: CHAIRPERSON'S ROLE

The job “product” of the chairperson is, primarily, the integrity of the Board process and, secondarily, occasional representation of the Board to outside parties. The chairperson is the only Board member authorized to speak for the Board (beyond simply reporting Board decisions), unless the authority is delegated to another member.

1. The job output of the chairperson is to ensure the Board behaves consistent with its own rules and those legitimately imposed upon it from outside the organization.
 - A. Meeting discussion content will only be those issues which, according to Board policy, clearly belong to the Board to decide, not the President.
 - B. Deliberation will be fair, open, and thorough, but also efficient, timely, orderly, and pointed.
2. The authority of the chairperson consists of making decisions that fall within the topics covered by Board policies under BOARD PROCESS and BOARD-PRESIDENT RELATIONSHIP, except where the Board specifically delegates portions of this authority to others. The chairperson is authorized to use any reasonable interpretation of the provisions of these policies.
 - A. The chairperson is empowered to plan and chair Board meetings with all the commonly accepted authority of that position (e.g., ruling, recognizing, committee appointments).
 - B. The chairperson has no authority to make decisions about policies created by the Board within ENDS and EXECUTIVE LIMITATIONS policy areas. Therefore, the chairperson has no authority to supervise, or direct the President.
 - C. The chairperson may represent the Board to outside parties in announcing Board-stated positions and in stating chair decisions and interpretations within the area delegated. Upon official action, the chairperson is authorized by the Board to act on the Board's behalf.

POLICY TITLE: BOARD COMMITTEE PRINCIPLES

Board committees, when used, will be assigned to minimally interfere with the wholeness of the Board's job and so as never to interfere with delegation from the Board to President. Committees will be used sparingly, only when other methods have been deemed inadequate.

1. Board committees are to help the Board do its job, not to help the staff do its jobs. Committees ordinarily will assist the Board by preparing policy alternatives and implications for Board deliberation. Board committees are not to be created by the Board to advise staff.
2. Board committees may not speak or act for the Board, except when formally given such authority for specific and time-limited purposes. Expectations and authority will be carefully stated in order not to conflict with authority delegated to the President.
3. Board committees cannot exercise authority over staff. Because the President works for the full Board, he or she will not be required to obtain approval of a Board committee before an executive action. In keeping with the Board's broader focus, Board committees will normally not have direct dealings with current staff operations.
4. Board committees are to avoid over-identification with organizational parts rather than the whole. Therefore, a Board committee which has helped the Board create policy on some topic will not be used to monitor organizational performance on that same subject.
5. This policy applies only to committees that are formed by Board action, whether or not the committees include non-board members. It does not apply to committees formed under the authority of the President.

POLICY TITLE: BOARD MEMBERS' CODE OF CONDUCT

The Board expects of itself and its members, ethical and businesslike conduct. This commitment includes proper use of authority and appropriate decorum in group and individual behavior when serving as Board members.

1. Board members must represent unconflicted loyalty to the interests of the ownership. This accountability supersedes any conflicting loyalty such as that to advocacy of interest groups and membership on other Boards or staffs. This accountability supersedes the personal interest of any Board member acting as an individual consumer of the organization's services.
2. Board members must avoid any conflict of interest with respect to their fiduciary responsibility.
 - A. There must be no self-dealing or any conduct of private business or personal services between any Board member and the organization, except as procedurally controlled to assure openness, competitive opportunity and equal access to "inside" information.
 - B. Board members must not use their positions to obtain employment in the organization for themselves, family members, or close associates.
 - C. Should a Board member be considered for employment, he/she must temporarily withdraw from Board deliberation, voting, and access to applicable Board information.
 - D. In accordance with Kansas State Statutes, a Board member may not be employed by the College.
3. Board members may not attempt to exercise individual authority over the President or staff of the organization, except as explicitly set forth in Board policies.
4. An individual Board member must recognize that communication with the public, press, or other entities represents personal views and not that of the Board as a whole.
5. Board members will maintain the confidentiality on issues of a sensitive nature, and information discussed in executive session.

6. Board members will make no judgments of the President or staff performance, except as that performance is assessed against explicit Board policies through the official process.

- That its trustee members vote their conscience and support the decision or policy made;
- That its behavior, and that of its members, exemplify ethical behavior and conduct that is above reproach;
- That it endeavors to remain always accountable to the community;

POLICY TITLE: EMERGENCY SUCCESSION PLAN

Emergency Succession Plan Policy

The Barton County Community College Board of Trustees authorizes the establishment of an Emergency Succession Plan for the temporary appointment of an Acting President in the event of an unplanned absence of the President of the College and hereafter to be reviewed annually at the June Board Study Session.

Emergency Succession Plan Procedure

The Board of Trustees of Barton County Community College recognizes that this is a plan for contingencies due to the disability, death or departure of the President. If the organization is faced with the unlikely event of an untimely vacancy, Barton County Community College has in place the following emergency succession plan to facilitate the transition to both interim and longer-term leadership.

The Board of Trustees of Barton County Community College has reviewed the job description of the President as approved in Policy Governance®. The Board has a clear understanding of the President's role in organizational leadership, program development, program administration, operations, Board of Trustee's relationships, financial operations, resource development, and community presence.

1. Key Person Insurance

It is agreed that, inasmuch as the President contributes extensively, both personally and professionally, to the development of Barton County Community College, "key person insurance" shall be obtained, if available, for him/her naming the College as the beneficiary.

2. Plan of Succession—Temporary, Unplanned, Short-Term Absence

A temporary absence is one of less than three months in which it is expected that the President will return to his/her position once the events precipitating the absence are resolved. An unplanned absence is one that arises unexpectedly, in contrast to a planned leave, such as a vacation or a sabbatical. The Board of Trustees of Barton County Community College authorizes the Executive Committee (established by the Board Chair) to implement the terms of this emergency plan in the event of the unplanned absence of the President.

In the event of an unplanned absence of the President, the Vice President of Administration is to immediately inform the Board Chair of the absence. As

soon as it is feasible, the Chair should convene a meeting of the Executive Committee to affirm the procedures prescribed in this plan or to make modifications as the Board deems appropriate.

At the time of notification, the Board Chair may appoint the Vice President of Administration to the position of Acting President.

Should the appointee to the position of Acting President be unable to serve, the first back-up appointee may be the Vice President of Instruction.

The Executive Committee may also consider the option of splitting executive duties among the designated appointees.

Authority and Compensation of the Acting President

The person appointed as Acting President shall have the full authority for decision-making and independent action as the regular President.

The Acting President may be offered compensation to be determined by the Executive Committee.

Board Oversight

The Executive Committee will be responsible for monitoring the work of the Acting President. The committee will be sensitive to the special support needs of the Acting President in this temporary leadership role.

Communications Plan

Immediately upon transferring the responsibilities to the Acting President, the Board Chair will notify staff members, members of the Board of Trustees and key volunteers of the delegation of authority.

As soon as possible after the Acting President has begun covering the unplanned absence, the Executive Committee and the Acting President shall communicate the temporary leadership structure to key external supporters of the College. This may include (but not be limited to) Fort Riley and Fort Leavenworth military leaders, Foundation officers, civic leaders, major donors and others.

Business Operations

During the absence, all operational systems shall remain in place and the Executive Committee, Vice President, Deans, faculty and administrative staff will continue to exercise their current general responsibilities until otherwise determined by the Executive Committee.

Financial Analysis

Recognizing that continual financial analysis is the responsibility of the College President, it is proposed that, in the event of death or disability of the College President, a quarterly financial review of the impact of transition be initiated by the (1) Chairman of the Board of Trustees or, if deceased, (2) the senior member of the Board of Trustees.

Completion of Short-term Emergency Succession Plan

The decision about when the absent President returns to lead the College should be determined by the President and the Board Chair and based upon physician recommendation. They will decide upon a mutually agreed upon schedule and start date. A reduced schedule for a set period of time can be allowed, by approval of the Board Chair and based upon physician recommendation, with the intention of working his/her way back to a full-time commitment.

3. Plan of Succession—Temporary, Unplanned, Long-Term Absence

A long-term absence is one that is expected to last more than three months. The procedures and conditions to be followed should be the same as for the short-term absence with one addition:

The Executive Committee will give immediate consideration, in consultation with the Acting President, to **temporarily** filling the management position left vacant by the Acting President. This is in recognition of the fact that for a term of more than three months, it may not be reasonable to expect the Acting President to carry the duties of both positions. The position description of a temporary manager would focus on covering the priority areas in which the Acting President needs assistance.

Completion of Long-term Emergency Succession Period

The decision about when the absent President returns to lead the College should be determined by the President and the Board Chair and based upon physician recommendation. They will decide upon a mutually agreed upon schedule and start date. A reduced schedule for a set period of time can be allowed, by approval of the Board Chair and based upon physician recommendation, with the intention of working his/her way back to a full-time commitment.

4. Plan of Succession—Permanent Change in President

A permanent change is one in which it is firmly determined that the President will not be returning to the position. The procedures and conditions should be the same as for a long-term, temporary absence with one addition:

The Board of Trustees will appoint a Transition and Search Committee in a timely manner to plan and carry out a transition to a new permanent President. The Board will also consider the need for outside consulting assistance depending on the circumstances of the transition and the Board's capacity to plan and manage the transition and search. The Transition and Search Committee will also determine the need for an Interim President and plan for the recruitment and selection of an Interim President and/or permanent President.

Identification of Potential Successors

Before initiating the search for candidates to succeed the College President, the Search Committee should review the mission and purpose of the College to determine the type of individual who would best lead the College toward such accomplishments.

Candidate Qualifications

The Search Committee should objectively assess the merits of potential successors using the following guidelines. The Search Committee should identify the desired qualities and experience of the College President and seek Board approval prior to advertising the position.

Candidate Selection and Compensation

The Board of Trustees should, in a special meeting of the Board, interview the candidates recommended by the Search Committee and determine the final selection for the new College President. Compensation for the new College President shall be negotiated between the new President and the Board of Trustees and detailed in a contract prior to the commencement of employment.

POLICY TYPE: BOARD-PRESIDENT RELATIONSHIP

POLICY TITLE: PRESIDENT'S ROLE AND JOB DESCRIPTION

The College President is accountable to the Board, acting as a body. The Board will instruct the President, through written policies, delegating implementation to the President.

As the Board's single official link to the operating organization, the President's performance will be considered to be synonymous with organizational performance as a total.

Consequently, the President's job description can be stated as performance in only two areas:

1. Organizational accomplishment of the provisions of Board policies on ENDS.
2. Organizational operation within the boundaries of prudence and ethics established in Board policies on EXECUTIVE LIMITATIONS.

POLICY TITLE: DELEGATION TO THE PRESIDENT

All Board authority delegated to staff is delegated through the President, so that all authority and accountability of staff, as far as the Board is concerned, is considered to be the authority and accountability of the President.

1. The Board will limit the latitude the President may exercise in practices, methods, conduct, and other “means” to the ENDS through establishment of EXECUTIVE LIMITATIONS POLICIES.
2. As long as the President uses any reasonable interpretation of the Board’s ENDS and EXECUTIVE LIMITATIONS policies, the President is authorized to establish administrative policies, make all decisions, take all actions, establish all practices, and develop all activities.
3. The Board may change its ENDS and EXECUTIVE LIMITATIONS policies, thereby shifting the boundary between Board and President domains. By doing so, the Board changes the latitude given to the President. So long as any particular delegation is in place, the Board members will respect and support the President’s choices.
4. Only decisions of the Board, acting as a body, are binding upon the President.
 - A. Decisions or instructions of individual Board members, officers, or committees are not binding on the President, except in rare instances, when the Board has specifically authorized such exercise of authority.
 - B. In the case of Board members or committees requesting information or assistance without Board authorization, the President can refuse such requests that require, in the President’s judgment, a material amount of staff time or funds, or is disruptive.

POLICY TYPE: BOARD-PRESIDENT RELATIONSHIP

POLICY TITLE: MONITORING EXECUTIVE PERFORMANCE

Monitoring executive performance is synonymous with monitoring organizational performance against Board Policies on ENDS and on EXECUTIVE LIMITATIONS.

1. The purpose of monitoring is simply to determine the degree to which Board policies are being fulfilled. Information which does not do this will not be considered to be monitoring. Monitoring will be as automatic as possible, using a minimum of Board time so that meetings can be used to create the future rather than to review the past.
2. A given policy may be monitored in one or more of three ways:
 - A. **Internal Report** – Disclosure of compliance information to the Board from the President;
 - B. **External Report** – Discovery of compliance information by a disinterested third party, external auditor, inspector, or judge who is selected by and reports directly to the Board. Such reports must assess executive performance only against policies of the Board, not those of the external party, unless the Board has previously indicated that party's opinion to be the standard;
 - C. **Direct Board Inspection** – Discovery of compliance information by a Board member, a committee, or the Board as a whole. This is a Board inspection of documents, activities, or circumstances directed by the Board which allows a "prudent person" test of policy compliance.
3. Any policy can be monitored by any method at any time, as the Board chooses. For regular monitoring, however, data on each ENDS and EXECUTIVE LIMITATIONS policy will be gathered as follows: (See schedule in Board Process section, Annual Board Planning Cycle on page 21.)

POLICY TITLE: CONTINGENCY PLANNING (END 8)

In fulfilling its educational mission, Barton Community College attempts to make optimal use of its resources. Optimum utilization may call for the adjustment of operational procedures such as a reduction or discontinuance of a program or service; reallocation of resources as a result of changing educational priorities; shifting enrollment patterns; lack of funds; and/or the requirements of legally imposed mandates. The President will make these recommendations to the Board of Trustees based on the college's mission of emphasizing academic, vocational-technical, and cultural enrichment learning opportunities; coupled with the need for maintaining program integrity, financial viability, and responsiveness to internal and external college constituencies.

The term of any lease entered into under authority of this subsection may be for not to exceed 10 years. Such lease may provide for annual or other payment of rent or rental fees and may obligate the community college to payment of maintenance or other expenses. Any lease or lease-purchase agreement entered into under authority of this subsection shall be subject to change or termination at any time by the legislature. Any assignment of rights in any lease or lease-purchase made under this subsection shall contain a citation of this section and a recitation that the lease or lease-purchase agreement and assignment thereof are subject to change or termination by the legislature. Every such agreement shall be subject to change or termination at any time by the legislature. Any assignment of rights under any such agreement shall be subject to approval by the board of trustees and shall contain a citation of this section and a recitation that the lease agreement and assignment of rights thereunder are subject to change or termination by the legislature.

(15) To appoint a member to fill any vacancy on the board of trustees for the balance of the unexpired term. When a vacancy occurs, the board shall publish a notice one time in a newspaper having general circulation in the community college district stating that the vacancy has occurred and that it will be filled by appointment by the board not sooner than 15 days after such publication.

(16) To contract with one or more agencies, either public or private, whether located within or outside the community college district or whether located within or outside the state of Kansas for the conduct by any such agencies of education for students of the community college, and to provide for the payment to any such agencies for their contracted educational services from any funds or moneys of the community college, including funds or moneys received from student tuition and fees, funds received from the state of Kansas or the United States for education, or taxes collected under K.S.A. 71-204, and amendments thereto. (17) To authorize by resolution the establishment of a petty cash fund in an amount not to exceed \$1,000, and to designate in such resolution an employee to maintain such petty cash fund. The employee designated in any resolution provided for in this subsection receiving such funds shall keep a record of all receipts and expenditures from the fund, and shall from time to time, and at the end of the fiscal year, prepare a statement for the board showing all receipts, expenditures, and the balance in the petty cash fund. The board of trustees may authorize the employee designated to maintain any petty cash fund to make a claim for replenishment of the fund to its original amount in advance of approval by the board of trustees if, at any time during the period between regular monthly meetings of the board of trustees, the balance remaining in the fund is insufficient to make needed expenditures for any purpose for which the petty cash fund is maintained. No petty cash fund may be replenished more than one time during each period between regular monthly meetings of the board of trustees. If a

petty cash fund is replenished prior to the end of the fiscal year in accordance with the foregoing authorization, the employee authorized to maintain the petty cash fund shall keep an accurate record of all expenditures made therefrom, and the purpose therefor, and shall submit the record to the board of trustees at the next regular monthly meeting thereof. The petty cash fund shall be replenished by payment from the appropriate funds of the community college to the petty cash fund upon proper claim. The fund shall be kept separate from all other funds and shall be used only for authorized expenditures and itemized receipts shall be taken for each expenditure. No part of such fund may be loaned or advanced against the salary of an employee. All employees entrusted with such funds under this subsection shall be bonded by the community college district.

(c) Subject to the provisions of subsection (d), the board of trustees may purchase or otherwise acquire land or land and improvements and may acquire, construct, reconstruct, repair or remodel improvements thereon or additions thereto, including furnishings, equipment, and architectural and incidental expense related thereto, and for such purposes the board of trustees is authorized to issue and sell general obligation bonds, the cumulative total not to exceed the following amounts: Where the community college district has a taxable tangible valuation of less than \$90,000,000 or is located in a county designated as urban under the provisions of K.S.A. 19-3524, and amendments thereto, not to exceed 5% of the taxable tangible property of the community college district, and where the community college district has a taxable tangible valuation of more than \$90,000,000 not to exceed 3% except as provided above for any community college district located in a county designated as urban under the provisions of K.S.A. 19-3524, and amendments thereto, of the taxable tangible property of the community college district. If any increase in the valuation of a community college district results in an outstanding bonded indebtedness in excess of that provided in this subsection, such increase shall not constitute a violation of this subsection. No such bonds shall be issued until the question of their issuance shall have been submitted to a vote of the electors of the community college district at a regular election or at a special election called for that purpose and the majority of the electors voting on the proposition in such community college district shall have voted in favor of the issuance of the bonds. Such election shall be called, noticed and held and the bonds issued, sold, delivered and retired in accordance with the provisions of the general bond law except as herein otherwise expressly provided.

(d) (1) Except as provided in K.S.A. 74-32,433, and amendments thereto, the board of trustees of a community college may purchase or otherwise acquire land or land and improvements within: (A) The community college district; or (B) the service area of the community college. Nothing in this subsection shall be construed or operate in any manner to require a board of trustees to sell, convey or otherwise dispose of land or land and improvements located outside the community college district or the service area of the community college and owned or being acquired by the community college on the effective date of this act.

(2) For the purposes of this subsection, "service area" means a designated geographic area of the state established pursuant to agreement of the presidents of the community colleges and adopted in policy by the state board of regents.
