[Implementing Student Experience Project \(SEP\) Strategies to Build Equitable Learning Environments](#) FREE - Monday, September 26, 2022

To ensure the success of every student who is pursuing their academic goals, the Student Experience Project (SEP) uses innovative, research-based practices to build equitable learning environments and instill a sense of belonging in students on campuses across the nation. Recommendations from the SEP include ideas to increase belonging, practices to foster academic encouragement and growth mindset, and ways to cultivate a supportive and inclusive classroom.

[Preparing for Difficult Classroom Conversations: Strategies for Expert and Novice Facilitators](#) \$ Friday September 30, 2022
Difficult classroom conversations can arise in any discipline. Contentious current events, challenging course content, and events on campus and in students' lives can all be the impetus for unexpected comments, a challenging turn in dialogue, or a need to proactively acknowledge an issue. During this workshop, you'll discuss how the structure of classroom discussion, classroom ground rules, and your facilitation skills all work together to help you navigate difficult conversations while creating a positive course climate and enhancing student learning. These strategies are designed for faculty in any discipline with any level of experience, from skilled facilitators who regularly teach topics involving difficult conversations to those who have little disciplinary training or experience in navigating tough topics.

[6 Tips To Help First-Year Students Successfully Transition To College](#) - On Demand

How can institutions facilitate a successful transition for new students, be they freshmen or transfers, and provide the guidance to have a positive first semester? College professor and mother of college students shares her insights into how institutions can support their new class of students to have the best possible start to their college journeys. Attendees will leave with practical tips for how they can facilitate student transitions.
