2021-2023 Instructional Review

Assessment of Student Learning

Considering your area's **Student Learning Outcomes (SLOs)** and associated data at the classroom, course and/or program assessment level, respond to the following questions.

- **Student Learning Outcomes (SLOs)** relate to what a student will remember, understand, apply, analyze, evaluate, create, etc. when they have completed a given learning experience.
 - What **trends** have you identified and what **actions** have occurred and/or are planned to respond to the results.
 - What **curricular changes** have occurred (or are planned) since the last review to ensure **Student Learning Outcomes (SLOs)** are achieved?
 - What strategies do you utilize to achieve instructional quality (**rigor**) and student engagement?
- **How do you oversee the integrity of the program to ensure that it meets high standards and sufficient rigor?**
