Contact(s):

- Associated Dean of Instruction

## STANDARD 1: MISSION AND ADMINISTRATIVE CAPACITY

The mission of the nursing education unit reflects the governing organization's core values and is congruent with its mission/goals. The governing organization and program have administrative capacity resulting in effective delivery of the nursing program and achievement of identified program outcomes.

CRITERION 1.1 - The mission and philosophy of the nursing education unit are congruent with the core values, mission, and goals of the governing organization.

| PLAN |  |  |  | IMPLEMENTATION |  |
| :---: | :---: | :---: | :---: | :---: | :---: |

## STANDARD 4: CURRICULUM

The curriculum supports the achievement of the end-of-program student learning outcomes and program outcomes and is consistent with safe practice in contemporary healthcare environments.

CRITERION 4.1 - Consistent with contemporary practice, the curriculum incorporates established professional nursing standards, guidelines, and competencies and has clearly articulated end-of-program student learning outcomes.

| PLAN |  |  |  | IMPLEMENTATION |  |
| :---: | :---: | :---: | :---: | :---: | :---: |
| Component | Expected Level of Achievement | Frequency of Assessment/ Responsibility | Assessment Method/s | Results of Data Collection and Analysis Including actual level/s of achievement | Actions For program development, Maintenance or Revision |

| Student Learning <br> Outcomes (SLO's) <br> Professional <br> standards and guidelines: <br> - Kansas Nurse Practice Act (KNPA) <br> - NCSBN test plan <br> - QSEN <br> - Joint Commission National Patient Safety Goals <br> - OSHA <br> - HIPAA <br> - CDC <br> - ANA Code of Ethics <br> - ANA Scope \& Standards of Practice | 100\% of faculty agree that the curriculum incorporates professional guidelines and standards from: <br> - Kansas Nurse Practice Act (KNPA) <br> - NCSBN test plan <br> - QSEN <br> - Joint Commission National Patient Safety Goals <br> - OSHA <br> - HIPAA <br> - CDC <br> - ANA Code of Ethics <br> - ANA Scope \& Standards of Practice | Annually at the spring faculty retreat Nurse Administrator, Nursing Program Coordinator, and Nursing Faculty Team | Examine curriculum for the incorporation of professional standards and guidelines (Table 4.1.A in self-study report) | May 2018 <br> $100 \%$ of faculty (3/3) agree that curriculum incorporates the professional standards and guidelines as identified in Table 4.1.A <br> KNPA is missing from RN L\&M on table <br> 4.1.A <br> May 2019 <br> $100 \%$ of faculty (4/4) agree that curriculum incorporates the professional standards and guidelines as identified in Table <br> 4.1.A <br> May 2020 <br> $100 \%$ of faculty (3/3) agree that curriculum incorporates the professional standards and guidelines as identified in Table <br> 4.1.A <br> May 2021 <br> $100 \%$ of faculty (2/2) agree that curriculum incorporates the professional standards and guidelines as | May 2018 <br> KNPA needs to be added to Table 4.1.A: RN L\&M <br> May 2019 <br> Will add AWHONN and INS standards to Mat-Child II; Will add INS and AHA standards to MSIII and MSIV. <br> May 2020 <br> No changes necessary. |
| :---: | :---: | :---: | :---: | :---: | :---: |

CRITERION 4.2 - The end-of-program student learning outcomes are used to organize the curriculum, guide the delivery of instruction, and direct learning activities.

| PLAN |  |  |  | IMPLEMENTATION |  |
| :---: | :---: | :---: | :---: | :---: | :---: |
| Component | Expected Level of <br> Achievement | Frequency of <br> Assessment/ <br> Responsibility | Assessment <br> Method/s | Results of Data <br> Collection and <br> Analysis | Actions <br> For program <br> development, <br> Maintenance or <br> Revision |

## STANDARD 6: OUTCOMES

Program evaluation demonstrates that students have achieved each end-of-program student learning outcome and each program outcome.

The nursing program has a current systematic plan of evaluation. The systematic plan of evaluation contains:
a. Specific, measurable expected levels of achievement for each end-of-program student learning outcome and each program outcome.
b. Appropriate assessment method(s) for each end-of-program student learning outcome and each program program.
c. Regular intervals for the assessment of each end-of-program student learning outcome and each program outcome.
d. Sufficient data to inform program decision-making for the maintenance and improvement of each end-of-program student learning outcome and each program outcome.
e. Analysis of assessment data to inform program decision-making for the maintenance and improvement of each end-of-program student learning outcome and each program outcome.
f. Documentation demonstrating the use of assessment data in program decision-making for the maintenance and improvement of each end-of-program student learning outcome and each program outcome.

## CRITERION 6.1 -

The program demonstrates evidence of students' achievement of each end-of-program student learning outcome.

There is ongoing assessment of the extent to which students attain each end-of-program student learning outcome.
There is analysis of assessment data and documentation that the analysis of assessment data is used in program decision-making for the maintenance and improvement of students' attainment of each end-of-program student learning outcome.

## CRITERION 6.2 -

The program demonstrates evidence of graduates' achievement on the licensure examination.
The program's most recent annual licensure examination pass rate will be at least $80 \%$ for all first-time test takers during the same 12 -month period.

There is ongoing assessment of the extent to which graduates succeed on the licensure examination.
There is analysis of assessment data and documentation that the analysis of assessment data is used in program decision-making for the maintenance and improvement of graduates' success on the licensure examination.

There is a minimum of the three (3) most recent years of available licensure examination pass rate data, and data are aggregated for the nursing program as a whole as well as disaggregated by program option, location, and date of program completion.

| PLAN |  |  |  | IMPLEMENTATION |  |
| :---: | :---: | :---: | :---: | :---: | :---: |
| Component | Expected <br> Level of Achievement | Frequency of Assessment/ Responsibility | Assessment Method/s | Results of Data Collection and Analysis Including actual level/s of achievement | Actions <br> For program development, Maintenance or Revision |

## CRITERION $6.3-$

The program demonstrates evidence of students' achievement in completing the nursing program.
The expected level of achievement for program completion is determined by the faculty and reflects student demographics.

There is ongoing assessment of the extent to which students complete the nursing program.
There is analysis of assessment data and documentation that the analysis of assessment data is used in program decision-making for the maintenance and improvement of students' completion of the nursing program.

There is a minimum of the three (3) most recent years of annual program completion data, and data are aggregated for the nursing program as a whole as well as disaggregated by program option, location, and date of program completion or entering cohort.

| PLAN |  |  |  | IMPLEMENTATION |  |
| :---: | :---: | :---: | :---: | :---: | :---: |
| Component | Expected Level of Achievement | Frequency of Assessment/ Responsibility | Assessment Method/s | Results of Data Collection and Analysis Including actual level/s of achievement | Actions <br> For program development, Maintenance or Revision |
| ADN Program Completion | Minimum of $75 \%$ of all students who began the first nursing course in the program will complete the program within 3 academic terms, which is $150 \%$ of the usual timeframe for the program. Review May 2022 | Annually / Nurse Administrator, <br> Nursing <br> Program <br> Coordinator, <br> and Nursing <br> Faculty Team | Review student data and calculate program completion rate. | $\begin{aligned} & \text { Cohort 2018 } \\ & \text { 26/34-76.47\% } \\ & \text { ELA met } \end{aligned}$ | May 2018 Revision Weighted the three categories of selection criteria (Academic 65\%, Professionalism 25\%, Experience/Endorsements 10\%) for the 2019-2020 academic year. See faculty and student handbook for policy. Maintenance Continue to evaluate selection criteria for admission and trend data |

|  |  |  |  | Cohort 2019 <br> 13/19-68.4\% <br> ELA not met <br> Dec. 2019 <br> After MSIII exam 2, identified a significant number of students below passing threshold for course. | for possible correlation to completion rate. <br> Continue to require remediation for students at risk for failure due to lowtest scores. <br> May 2019 <br> Continue to evaluate selection criteria for admission, including minimum TEAS score, and trend data for possible correlation to completion rate. Continue to conduct pretest reviews and instructor led study sessions and to highly recommend remediation for students with low-test scores. Continue to complete performance alerts with students who are below the passing threshold on individual exams. Continue to reinforce theory content by aligning simulation experiences with theory content. <br> Dec. 2019 <br> After MSIII exam 2, faculty initiated scheduled facultyled study halls to review muddy content areas as identified by the attending students. Faculty currently discussing rearranging Fall content to provide basic oxygenation, |
| :---: | :---: | :---: | :---: | :---: | :---: |

|  | May 2022 KSBN no longer acknowledging the $150 \%$ completion rates. Completion rates based on first attempt at program only. |  |  | Cohort 2020 <br> 22/34-64.7\% <br> ELA not met <br> Cohort 2021 <br> 19/26-73\% <br> (5 returning 2021-2022) <br> (4/5 completed 2022) $23 / 26=88 \%$ ( $150 \%$ ) <br> ELA Met when adjusted with $150 \%$ completion allowance <br> Cohort 2022 $25 / 31=80 \%$ <br> (2 returning 2022-23) <br> ELA MET | perfusion, and fluid balance concepts prior to systems content. <br> May 2020 <br> Continue study halls and pretest reviews in the Spring semester. Plan to continue study halls or other reinforcement strategies in Fall 2020. Will rearrange content to include acute care concepts in MS III and critical care concepts in MS IV with planned implementation Fall 2020. <br> May 2021 <br> $73 \%$ completion rate has increased significantly from previous 2 years. Faculty changed the sequence of content for this cohort (basic and common disease processes in the fall and complex and critical concepts in the spring). Plan that next year faculty will continue to deliver content in the same sequence as was done for the 2021 cohort. All other strategies implemented over the past 4 years to improve retention and NCLEX-RN pass rates will be continued. <br> May 2022 Completion rates continue to increase. |
| :---: | :---: | :---: | :---: | :---: | :---: |

|  |  |  |  |  | Completion rates will be <br> figured for first time <br> program completers only, <br> to align with KSBN <br> standards. |
