# KACCT/KBOR REPORT

Mike Johnson and Dr. Law will update the Board concerning Kansas Association of Community College Trustees and Kansas Board of Regents activities.

President's Report of Monthly Activities

# Monitoring Reports December 2004

#### POLICY TYPE: EXECUTIVE LIMITATIONS

#### **POLICY TITLE: GENERAL EXECUTIVE CONSTRAINTS**

The President shall act at all times in an exemplary manner consistent with the responsibilities and expectations vested in that office. The President shall act in a manner consistent with Board policies and consistent with those practices, activities, decisions, and organizational circumstances, which are legal, prudent, and ethical.

Accordingly, the President may not:

#### **General Executive Constraint #5**

Permit conflict of interest in awarding purchases or other contracts or hiring of employees.

**Response:** To my knowledge, no conflict of interest regarding purchases, contracts or hiring has occurred. I believe institutionally, we continue to demonstrate that our purchasing processes provide fairness, preference to local business whenever possible and encourage competition so the taxpayers receive the most for their money. Additionally, we continue to use personnel screening and selection processes that encourage qualified and quality applicants and fairness in appointments. As it relates to this last item, we maintain processes that allow us to expeditiously make appointments when it is thought to be in the best interest of the College.

#### **General Executive Constraint #9**

Allow assets to be unprotected, inadequately maintained, or unnecessarily risked.

**Response:** To my knowledge, all assets are protected with no or minimal risk. The only possible exception, of which the Board is already aware, is the institution's fiscal position. In meeting our projected budget's expenditure plan you can continue to expect difficult and frugal decisions. We are at a point that in order to maintain our comprehensive nature and services, we will have to regularly seek local and consistent tax support or eliminate services and programs. This has the potential to risk assets, human resources, etc.

#### **POLICY TYPE: EXECUTIVE LIMITATIONS**

# **POLICY TITLE: FINANCIAL CONDITION**

The President shall administer the Board approved budget without material deviation from Board priorities in ENDS policies, and shall protect the College from financial risk.

Accordingly, the President may not:

#### **Financial Condition #3**

Make any purchase: (a) without prudent protection against conflict of interest; (b) over \$10,000 without Board approval; (c) over \$10,000 without seeking at least three competitive quotes or sealed bids, submitted on prepared specifications. No purchase shall be made except on the basis of quality, cost, and service. Consideration shall be given to local vendors who can provide like quality products and services and who meet bid specifications.

**Response:** Following review of this constraint with the Dean of Business Services, I feel confident that the College is in compliance with the policy. We remain sensitive and judicious in balancing the need to support the local economy with making wise purchases in stretching limited tax dollars. We are discussing with the Board how it would like to handle routine expenditures that, when totaled at the end of the year, exceed \$10,000.

#### **Financial Condition #6**

Fail to maintain adequate reserves which allow the College cash reserve to drop below 8% of its annual budget, working toward a goal of 16%.

**Response:** The Board has been apprised that additional progress toward this goal was made over the course of the past year. The cash reserve is much nearer its goal than it was in the mid to late 1990s. As you are aware, the reserve – though we had projected the need to use some of it this past year – has actually grown because the state did not make some of the cuts we had anticipated. This is the fourth or fifth year in a row we have seen growth in the reserves, in spite of some extreme fiscal difficulties.

#### **Financial Condition #8**

Fail to provide a monthly report of the College's current financial condition.

**Response:** Each month, as part of the Board's agenda, "Claims" and "Financial Reports" are presented for the Board's review and action. The reports accurately reflect the fiscal condition of the institution. Further, information regarding the Foundation's fiscal condition is provided to the Trustees from the Foundation Office each month. The clarifying questions asked by the Board are appreciated, as they help us to more fully discharge our accountability to the public.

#### **POLICY TYPE: ENDS**

### **POLICY TITLE: MISSION**

#### **Academic Advancement**

Students desiring academic advancement will be prepared for successful transfer to other colleges and universities.

- 1. Students will have the academic prerequisites sufficient for successful transfer.
- Students will have appropriate knowledge of transfer requirements.

**Response:** This past year, 240 students received one of the transfer degrees (associate of arts or associate of sciences) from Barton as they graduated. This is an increase of 53 students from the previous year (28% increase). The College has been very deliberate in designing these degrees. The courses selected for the degrees meet the College's general education requirements, as well as other core courses that compose the degree and are acceptable for transfer. Accordingly, a student can transfer with the degree, or should they opt to leave Barton prior to receiving their degree, the courses will transfer as they pursue additional education.

For the most part, students who transfer do not have difficulties in having their course work accepted in transfer. Exceptions may, on occasion, be found when a student either changes their mind about the major they are seeking, or they opt to complete their degree at a different four-year institution than they originally planned. While these exceptions exist, they are rare and for the most part, course work is accepted in transfer, but may not necessarily meet major requirements.

Academic program changes at the four-year institutions are a constant. This means that two-year institutions must constantly review their requirements and make necessary adjustments in their courses and programs so students do not experience transfer difficulty. This is a major responsibility of Barton's full-time faculty. Their efforts are demonstrated in the review of the College's syllabi and general education requirements. They are also heavily involved in the state's efforts at establishing core competencies to assist students in transferring from institution to institution.

Student advisement is another area that is necessary to ensure student academic advancement. It is the advisors' responsibility to ensure that students are aware of transfer requirements. The advisement center has developed degree templates that reflect transfer requirements for the state universities and colleges. Transfer requirements are available for students via the College web site or from their advisor. Additionally, the inception of Web for Students has allowed students the opportunity to view their Barton transcripts on-line and print

an unofficial transcript for course evaluation at transfer institutions. Finally, as part of the partnership with KSU we continue to work toward dual admissions, which would be another means of helping students know beforehand what courses to take and how those courses will fit into their Bachelor's degree plan at KSU.

Re: Dorothy Moses Morrison Chapel Renovation Fine Arts Building

Barton County Community College

Project No. 0107

Dear Dr. Law:

This is to express my sincere appreciation for the opportunity to serve as your Architect for the Dorothy Moses Morrison Chapel Renovation Project.

The pursuit for authentic quality and a suitable setting for the stained glass windows made the Project more than an exciting experience.

Hopefully, the Project has established an important historical reference in the continuing "Arts Focused" development of your Campus.

It has been a real joy to work with Mark Dean and I feel proud to have been a part of this Project.

Again, Thank You for the opportunity and Best Wishes in your future endeavors.

Sincerely,

Mr. Darcy Wedel Coordinator Barton County Community College 245 NE 30th Road Great Bend, KS 67530

Dear Mr. Wedel:

We have received your midpoint compliance review.

The National Automotive Technicians Education Foundation (NATEF) is pleased to inform you that based on the information you have provided, the Automobile training program of Barton County Community College continues to meet the standards of quality education as certified by the National Institute for Automotive Service Excellence (ASE). Your concern and hard work directed at automotive educational needs are evident by the quality of your program.

Remember that recertification of your Automobile training program should be scheduled <u>before</u> the expiration date indicated on the plaque you received. Please be advised that the Automobile program standards were revised in 2002 and are on a three year revision cycle. **NATEF now requires instructors of certified programs to complete 20 hours per year of industry based training relevant to the areas the program is certified in. Please keep in mind that documentation of this training will be required when your program applies for recertification.** You may view the 2002 standards on our website at <a href="www.natef.org">www.natef.org</a>. Should you need a hard copy of the standards or have any questions regarding recertification, do not hesitate to contact the NATEF office.

Sincerely,

Mary Hutchinson Executive Director
