

The Barton Community College Board of Trustees invites you to consider serving the community, the college and its students by running for a position on the Board. Your personal and professional experience, like that of past and present trustees, provides the essence of the Board's local control. Likewise, it is important that the Board has members from throughout Barton County in order to provide true representation of the county stakeholders.

In general, the Board meets twice each month; once in study session and once for its regular meeting. Trustees may also attend state and national conferences if they choose.

Board of Trustees Elections

The Board of Trustees consists of six positions, with three seats up for election every two years in odd-numbered years. Each term lasts four years, and candidates must reside in Barton County to be eligible. To run for a trustee position, candidates must file in person at the Barton County Clerk's office by the designated deadline and pay the required filing fee. Once filed, their names will appear on that year's November election ballot. Newly elected trustees assume office the following January.

POLICY GOVERNANCE®

The Barton Board has adopted policy governance as its means to oversee the college.

Policy governance provides an empowering and fundamental redesign of the board role. It emphasizes values, vision, empowerment of both board and staff, and the strategic ability to lead leaders. Under this model, a board crafts its values into policies. Except for what belongs in bylaws or enabling statutes, these categories of board policy contain everything a board has to say about values and perspectives that underlie all organizational decisions, activities, practices, budgets and goals. Because values permeate and dominate all organizational life, redesigning policy in this way presents the most powerful lever for expressing board leadership.

"The beauty of policy governance is that it delineates clearly the role of the board and that of the president. The board knows what the president's responsibilities are and can hold him accountable."

*- Past Board Chairman
Robert Feldt*

POLICY TYPES

Executive Limitations: The Board establishes the boundaries of acceptability within which methods and activities can be responsibly left up to the president. These limiting policies apply to means rather than ends.

Board Process: The Board determines its philosophy, its accountability and specifics of its own job. The effective design of its own board process ensures that the Board will fulfill its three primary responsibilities: maintaining links to the ownership, establishing the four categories of written policies and assuring executive performance.

Board-President Relationship: The Board clarifies the manner in which it delegates authority to the president as well as how it monitors and evaluates the president's performance according to the ENDS and executive limitations policies.

ENDS: The Board defines which human needs are to be met, for whom and at what cost. Written with a long-term perspective, these mission-related policies embody the Board's long-range vision.
