The Barton Brand

Thank you for helping us build the Barton brand!

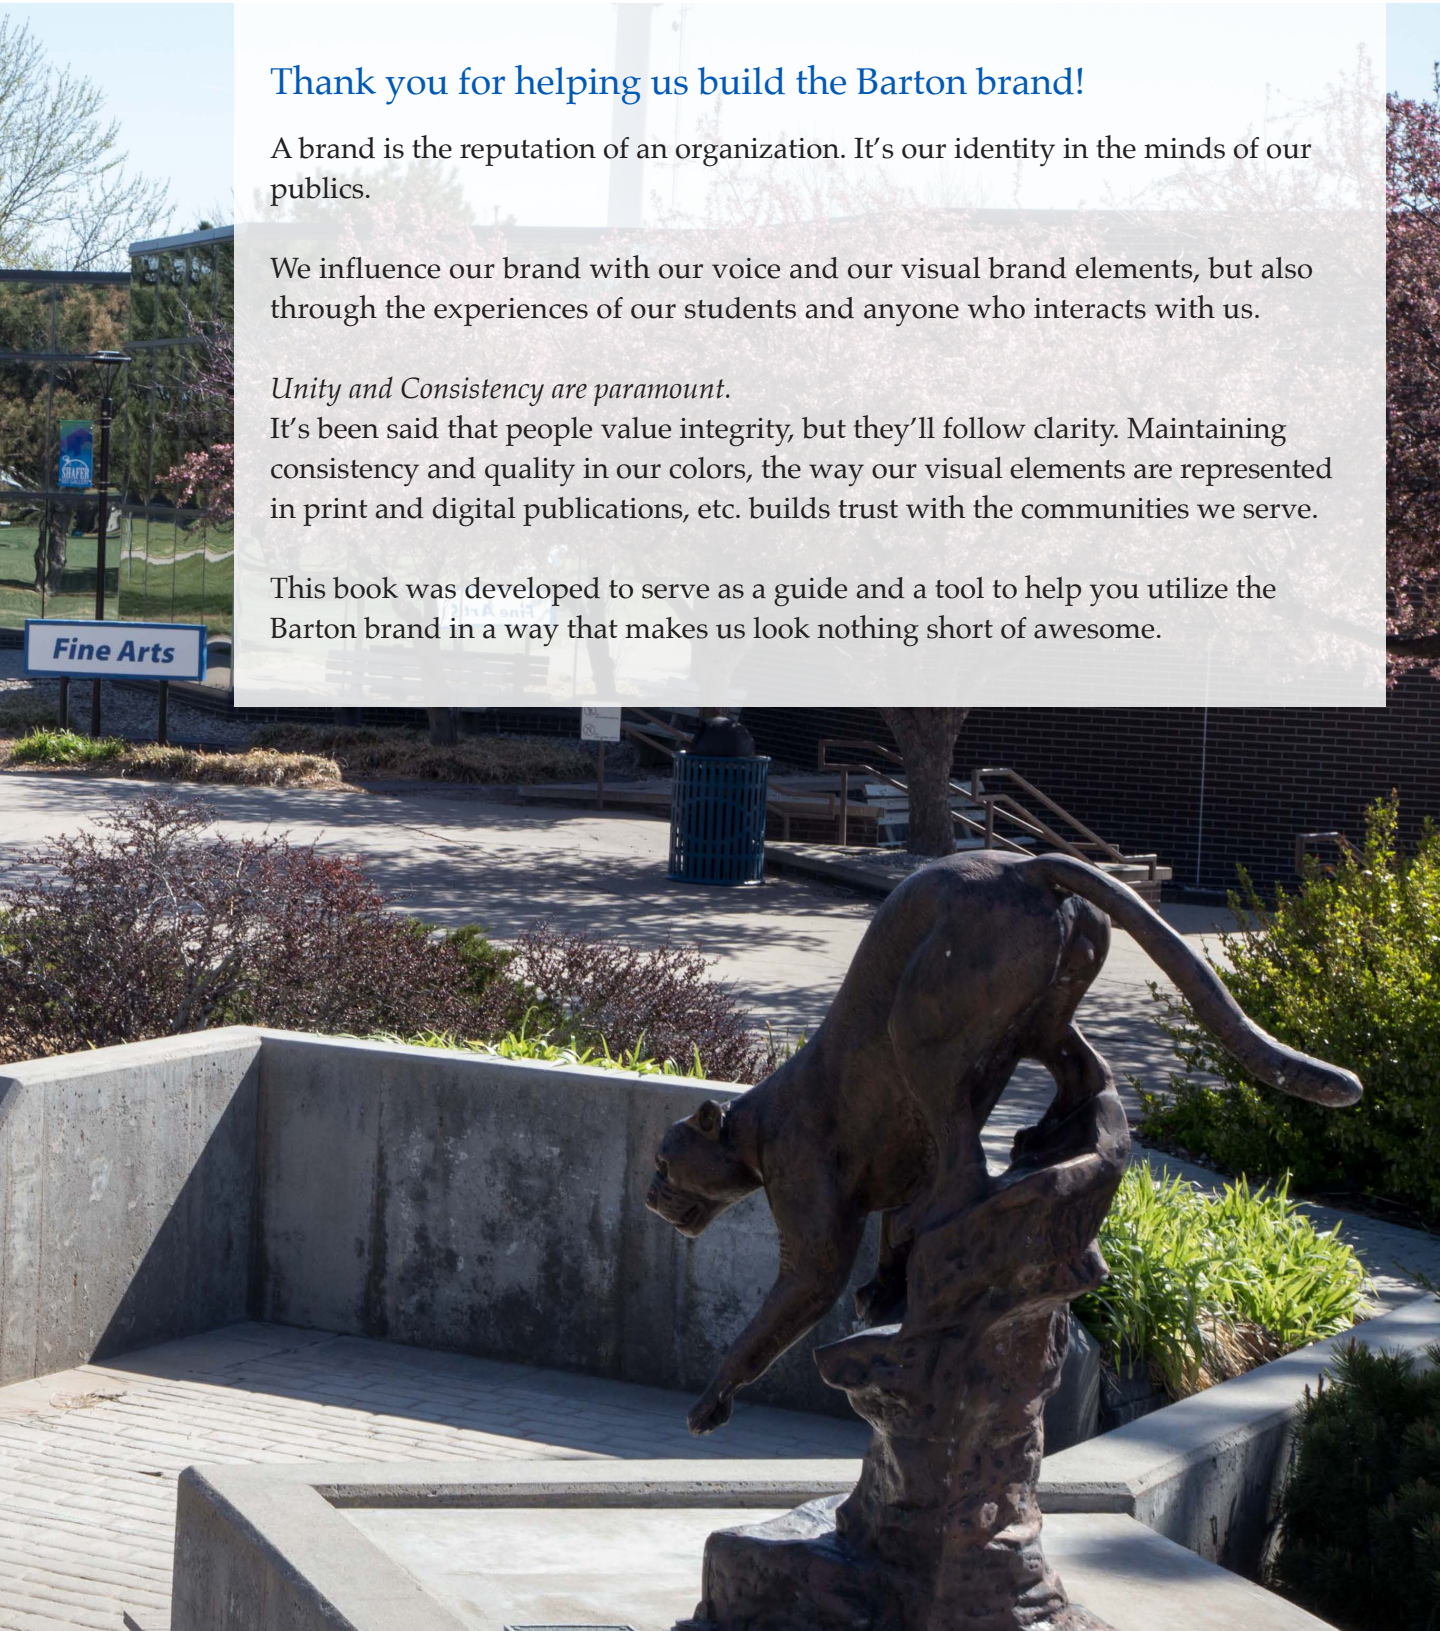

A brand is the reputation of an organization. It's our identity in the minds of our publics.

We influence our brand with our voice and our visual brand elements, but also through the experiences of our students and anyone who interacts with us.

Unity and Consistency are paramount.

It's been said that people value integrity, but they'll follow clarity. Maintaining consistency and quality in our colors, the way our visual elements are represented in print and digital publications, etc. builds trust with the communities we serve.

This book was developed to serve as a guide and a tool to help you utilize the Barton brand in a way that makes us look nothing short of awesome.

College Logos

The Barton Community College logo is the primary mark that identifies the College. It is required to appear on all external publications, web sites and other visual communications.

College Logos | Clear Space

Clear space is a defined area around a logo that ensures its visibility and impact. No text or images should be placed inside this area. Some cases may require special sizes or clear space allowances. Examples of these unique applications include, but are not limited to, pens, lapel pins, apparel, etc. Some exceptions have been noted in this brand book. All other exceptions must have permission from the office of Public Relations and Marketing.

When placing graphics around the College logos, the distance shall be half the height of BARTON.

EXCEPTION FOR CLEAR SPACE WHEN USING COUGAR HEAD

Follow the guides indicated by the arrows when placing the cougar head around the logo.

Do not alter or change the college logos in any way without permission.

Do not distort (stretch or squish) the logo.

Do not alter, crop, or change the logo by adding other graphic elements or different fonts.

Do not incorporate the logo into a sentence, phrase or word.

Join the fun at **BARTON!**

Do not rotate the logo or vertically stack the letters.

Do not outline the logo or add one or more strokes to the letterforms

Do not overlap logos. Follow clear space guide on page seven.

Wordmark Logos

- Department, Office, Organization, Program and Athletic team wordmark logos all follow the same design format.
- Color options: blue, black and white.
- The clear space is the height of the entity name on all four sides. No other graphic or logo should be placed within the clear space.

- Mascot graphics may be included as part of a promotional or marketing item per brand guidelines and clear space rules.
- No icons, symbols or other graphics are allowed as part of the logo.

Program Wordmark Logos

Barton First, Program Second: The key to an effective program logo that follows the Barton brand is to put Barton first, not the individual department or program. Programs are to enhance the overall, uniform message of the College.

Program logos

- will follow Barton style guidelines
- may include *universally accepted professional emblems, affiliations, and/or certifications
- do not include mascot graphics
- available in blue, black and white.

*Universally accepted professional emblems, affiliations, and/or certifications may be used with the following considerations:

- a. The inclusion enhances the marketing of Barton's program and
- b. The inclusion is approved by the Director of Public Relations and Marketing.
- c. The element is placed within the clear space guidelines. See page 9.

NOTE: Professional emblems, affiliations or certifications will be saved as separate graphic files within a program's brand folder. These graphics can then be placed with the program logo based on the project specifications.

Do not alter or change the mascot graphics in any way without permission.

Do not flip the graphics.

Do not rotate any mascot graphic except for the paw print.

Do not distort the graphics from their original proportions.

Use the white color files when printing white on graphics using the cougar head.

Do not use any other paw print for our mascot **without permission** from the Director of Public Relations.

Do not add clip art or additional art work that touches or overlaps the mascot graphics.

Do not change the color of the mascot graphics.

Program Wordmark Logos with Mascot Graphics

Mascot graphics are not part of a program logo design. They may be included with the program logo as part of a promotional or marketing item per brand guidelines and must follow clear space rules. For more information, view Program Logos on page 10 and Marketing and Promotional Materials on page 19.

 Clear space is a defined area around a logo that ensures its visibility and impact. No text or images should be placed inside this area.

Clear space for program logos is the height of the program name around all four sides of BARTON.

 Refer to clear space allowance exception for the cougar head on page seven.

Maintain clear space between the program logo and the mascot graphic. See page 14.

Do not overlap text on the logos.

Do not combine parts of logos to create a new logo.

Do not alter the logo or add other graphic elements.

Do not add a second color to the logos.

Do not alter or change the logo.

File Types and Colors

Each brand folder is set up as shown below unless a particular file format or color set does not apply. Brand files are accessible to employees in T:\Brand.

What file format should I use?

LEVEL 1 FOLDERS: FILE FORMATS	
EPS	An EPS format is known as a vector file. This file type will look as crisp at 1 inch as it does at 10 feet. This file is transparent which means it can be placed on a color background without the “white box.” This file format should always be used for print files and sent to outside vendors for marketing items. The files in the brand folder are saved with a compatibility of Adobe Illustrator 5.0.
JPG	JPG files are pixel based and best for screen applications like PowerPoint. They are not transparent so a white box will appear behind the logo when placed on a color background. The image will be pixelated or out of focus if enlarged.
PNG	PNG files are pixel based and best used for screen applications like PowerPoint. They do have a transparent background. The image will be pixelated or out of focus if enlarged.
*NOTE: JPG’s and PNG’s save with different color space previews, so both files will appear different on screen and may print different from one printer to another. The deciding factor for use will be whether or not you need transparency.	

What colors are available?

LEVEL 2 FOLDERS: COLORS		
Black	100% Black	EPS, JPG, PNG
Color	Full color - available for some logos Blue	EPS, JPG, PNG
White	100% White	EPS, PNG

Opening vs placing logo files

Always use the place or insert command when using the logo files in your applications. If you double click to open a logo file, there is a chance the resolution and/or the color space will be modified by that application.

Saving logo files

Do not save logo files to your hard drive. Always place/insert in applications and attach to emails from the server.

Marketing and Promotional Materials

Professional Representation and Other Marketing Activities

- Items representing Barton programs in professional and business environments must meet Barton brand guidelines.
- College logos and/or wordmark logos will be utilized on all professional correspondence, on program Websites, and on professional and business apparel.

Other marketing activities and promotions

- May or may not include mascot graphics, program logos, universally accepted professional emblems, affiliations, certifications, and or any other information associated with a particular program.
- Any design using Barton brand art work must adhere to brand guidelines.
- The design may or may not be designed by Barton's Graphic Designer.
- The design **must be approved** for brand accuracy by Barton's Director of Public Relations and Marketing prior to submission to vendor.
- A **proof must be sent** to Barton's Director of Public Relations and Marketing prior to printing to ensure brand accuracy.

Brand Approval Form

 Inconsistent use or poorly reproduced logos on marketing materials negatively affect our brand.

Professional Apparel

Professional Apparel

Items representing Barton programs in professional and business environments must meet Barton style guidelines. Barton's logo and/or official program logos will be utilized on all professional and business apparel.

Professional and business apparel include polos, button-down shirts, pullovers and any other clothing suitable for being worn in a professional and business environment.

College Publications and Websites

College Logo

Barton Community College must be identified in all publications that promotes the institution. This will take the form of the logo and applies to all online ads, magazine and newspaper advertising, posters, banners and billboards.

Place the logo on either the front or back cover as appropriate, on all publications.

Non-discrimination Notice

Barton's Non-discrimination Statement must be included in all departmental publications, such as brochures, posters, advertisements, postcards, pamphlets, manuals, and guidebooks, describing or inviting participation in programs at Barton.

The inclusion of the Non-discrimination Statement is required by federal regulation and is designed to make clear to prospective applicants or participants the College's commitment to equal opportunity in employment and equal access to its programs and activities.

At this time, the long format should be used. If it is not possible, follow the procedure below:

- If the material is too small to permit the full statement to be included (such as flyers, postcards or brochures), the material will, at a minimum, include the condensed statement in print size no smaller than the text.

The notice is available in T:\Brand\NonDNotice
