

Adult Healthcare Programs

(Certified Nurse Aide, Certified Medication Aide)

- Please read and follow the enrollment steps on the attached page.
- You will need to complete all steps before enrollment is “official” (exception: TB test does not have to be completed at time of enrollment, just prior to class.)
- The maximum number of students in a CNA class is 10; CMA is 6. Unfortunately, due to the demand, we are not able to “hold” an enrollment spot. Classes are filled on a first come, first serve basis.
- Upon enrolling, please note that you will initially come to the Math/Science building Room 134, and then will be referred to Enrollment Services in the Kirkman Building. Allow approximately 30-45 minutes for the process.
- For questions on financial assistance, please call the Business Office at (620) 792-9321.

Contact Anita Barker, Healthcare Programs Coordinator at (620) 792-9298 or barkera@bartonccc.edu for more information.

Thank you for considering Barton for your continuing education!
