- Barton Online session 2 ends - July 28
- Last day to enroll for LSEC cycle 6 - July 30
- BSEP cycle 8 ends - July 31

New programs are on their way to the Fort Riley campus!

Starting in August, EMT (Emergency Medical Technician) and CMA (Certified Medication Aide) courses will be offered on-post.

If interested in learning more about these programs, feel free to browse the program's website below or contact our office.

EMT: <https://bartonccc.edu/programs/ems>
CMA: <https://bartonccc.edu/programs/adult-health-care>

On June 18th, Information Services changed to Microsoft MFA method for our secure login method. What this means is you will no longer login to your student portal using just your username and password. Instead, you will be prompted to login using the Microsoft Authenticator method, which requires two devices for setup- a personal phone and access to a computer.

If you need assistance setting up this new login method, or if you have issues accessing your student portal after setup, don't hesitate to contact Barton's IT department (cougartechsupport@bartonccc.edu) for assistance!

Scan this QR code to see our upcoming schedules!
*All Fall LSEC and CP schedules are posted and open for enrollment. This allows you to look farther ahead to better plan your semester!
