Staff Highlight

Meet Dyshonique Jones!

Dyshonique started on July 15th as our newest Student Services Specialist here at the Fort Riley campus. She received her Bachelor's degree in Biology and life science with a minor in Chemistry and non-profit leadership management from Coppin State University. She strives to continue her education by pursuing her Masters in Physician Assistant. In her free time, she loves traveling, going to the gym, and doing arts and crafts projects with her family.

Welcome, Dyshonique, to the Barton team!

We bid farewell to Kaeli Smit, who has been a Student Services Specialist here at the Fort Riley campus since March 2023. Kaeli's last day will be Friday, August 9th.
