

Safety, Health, & Environmental Professional (SHEP)

This certificate program is regionally recognized. You must obtain your CSHO either as a part of earning your SHEP or prior to starting. In addition to CSHO (The Safety and Health section of this certification) one (1) course in Risk Management and two (2) courses in Environmental are required.

** All certificates in the Risk Management and Environmental areas must have been completed at a Region VII OSHA Training Institute Education Center (OTIEC).*

** There is a certificate cost and there is no time limit in which the courses must be completed*
