

PATIENT **Assistance Program**

The Patient Assistance Program is designed to shift drug costs from members and plans to manufacturers. By working with your employer, we help follow their plan design to save both you and the plan money, while ensuring you maintain access to your medications.

THE STEPS

STEP 1

You are prescribed a speciality medication by your provider and Oread Rx begins a case on your behalf.

STEP 2

Oread Rx will send you an intake form that you will need to fill out.

STEP 3

Your provider will receive a prior authorization request to be completed and returned to Oread Rx.

STEP 4

Oread Rx will assist you in filling out a manufacturer assistance application.

STEP 5

You will receive approval or denial of assistance from the manufacturer and communicate that to Oread Rx.

STEP 6

Oread Rx will make sure you receive your medication at the lowest cost possible.
