DISCLAIMER & INSTRUCTION

Disclaimer:

The dimensional data in this publication is for informational purposes only. This document provides ICODES and ICODES GS planners with specific data for loading vessels and other conveyances. The objective of this publication is to give planners a resource to use to select the proper ICODES symbols and identify equipment items when planning for military operations. Slight variations in dimensional data (less than 2 percent) between this publication and TB 55-46-1 may exist. The authoritative source for military dimensional data is TB 55-46-1/NAVFAC P-1055

NAVIGATING THROUGH THIS PAMPHLET

1. This pamphlet is designed to easily select the model numbers of military equipment in a quick and concise manner.
2. The Table of Contents contains links to each equipment category.
 - Click on the desired equipment category, i.e. Aircraft. This brings you to the Aircraft index.
 - Click on the aircraft, i.e., AH-64d. This brings you to the AH-64D characteristics page.
3. To return to the Table of Contents, click on the highlighted red box on the bottom left of the page.
