2430 – Early Retirement Benefits

1. Sick Leave Payout

   Eligibility

   An employee is eligible for the sick leave payout if the employee:

   - is not less than 60 years of age;
   - has not reached 64 years of age;
   - retires under the provisions of the Kansas Public Employees Retirement System;
   - has been employed at the College full-time for a minimum of fifteen (15) consecutive years immediately prior to the request for early retirement.

   Benefit

   An eligible early retiree will be paid for accrued sick leave at a rate of the retiree’s average base salary calculated as a daily rate for the last four years of employment times (X) the number of accrued sick days up to $100 per day.

   Example:

   An early retiree’s average four-year’s salary is $25,000. Applying the average daily salary for a 12-month employee for these four years is $96.15.

   - 52 weeks x 5 days per week = 260 full-time working days in a calendar year
   - $25,000 / 260 days = $96.15

   If the early retiree had 90 days of accrued Sick Leave, the following figures would indicate the total amount of compensation the early retiree would have coming to him/her at the time of early retirement.

   - 90 days x $96.15 = $8,653.50 – Total lump sum payment

2. Employer-sponsored Group Health Care Coverage

   Initial Eligibility

   An employee and his/her spouse/children may be eligible for employer-sponsored health care coverage if:

   - the employee retires under the provisions of the Kansas Public Employees Retirement System;
   - the employee and his/her spouse/children has not reached the age limitations of the group health care plan;
the employee and his/her spouse/children were all covered persons under the employer-sponsored group health care plan immediately prior to the request for early retirement;

- the employee makes the required premium payment on a timely basis; and
