2525 – College to University Articulation Agreements

Barton promotes the development and implementation of articulation agreements with colleges and universities, both in-state and out-of-state. In the event there is interest in pursuing an articulation agreement, the following steps should be followed to formalize the agreement.

1. Barton representative identifies student benefit in partnering with a university to develop an articulation agreement. Representative solicits input from appropriate colleagues across the institution, i.e. advisement coordinators, faculty and staff.
2. Barton representative discusses idea with the appropriate Dean. The Dean seeks approval from the Vice-President of Instruction.
3. Barton representative makes arrangements to meet appropriate university colleagues to discuss articulation arrangements, i.e. program, coursework, equivalencies, etc.
4. A draft articulation agreement (partnership document and curriculum template) is developed and submitted to the Dean. Guidelines to support the development of a college to university articulation agreements are included here: [click]
5. Draft materials are submitted to the office of the Vice-President of Instruction and discussed with the Dean's group.
6. If the draft agreement is approved by the Dean's group, it is submitted by the Vice-President of Instruction to the President for review.
7. If the agreement is approved by the President, it is signed by the President and forwarded to the Vice-President of Instruction's office for distribution. A media event may be scheduled to promote the new agreement.
8. If all parties sign the agreement, the articulation agreement is added to the Barton web page and a courtesy email regarding the new agreement is sent to Advisement Coordinators, the Director of Testing, Advisement and Career Services, the Vice President of Student Services and faculty advisors.
