

# **APPENDIX**

## 1. Standards of Conduct

### **Statement for Barton Admission Portal**

Submitting an application for admission to Barton represents a voluntary decision on the part of the prospective student to participate in the programs offered by the institution pursuant to the policies, rules, and regulations of the Kansas Board of Regents and Barton Community College. Barton's approval of that application, in turn, represents the extension of a privilege to join the college community (faculty, students, and administration) and to remain a part of it so long as the student meets the required academic and behavior standards of the college. In accepting admission to/enrolling in Barton, the student assumes responsibility for awareness of and compliance with the academic and conduct policies and procedures set forth by Barton Community College.

### **Statement for Barton Employment Application**

Submitting an application for employment to Barton represents a voluntary decision on the part of the prospective employee comply with the College's Administrative policies and procedures. In accepting employment with Barton, the employee assumes responsibility for awareness and understanding of all policies and procedures set forth by Barton Community College.

### **POLICIES**

- [Policy 1126 - Drug Free Environment](#)  
The College is committed to protecting the safety, health and wellbeing of all employees, students and visitors in the educational and work environment. We recognize that alcohol abuse and drug use pose a significant threat to our goals. Therefore, we have established a drug-free program that balances our respect for individuals with the need to maintain an alcohol and drug-free environment.
- [Policy 2611 Student Code of Conduct](#)  
Manufacture, possession, control, sale, transmission of or use of any controlled substance, alcohol, or other illicit drugs on the College's campuses.
- [Policy 1210- Tobacco Use](#)  
Barton Community College is committed to providing a safe and healthy environment for its students, employees, visitors, and contractors.  
The President or his/her designee is authorized to designate the areas of the campus that tobacco use is permitted. Smoking and all other forms of tobacco use is prohibited in College buildings, facilities, and vehicles.

## 2. Legal Sanctions

### **Kansas Alcohol, Drug, Tobacco Statutes**

The following are violations of Kansas Statutes (as well as Barton Community College conduct standards) and may result in disciplinary action up to an including reporting to local law enforcement and dismissal from Student Housing and the College:

#### **K.S.A. § 41-727 Possession of alcoholic beverage by a minor.**

Additionally, possession or use of alcohol by any person on the College's campuses except as allowed for special events, is prohibited regardless of age.

#### **K.S.A. § 21-5607 Furnishing alcoholic liquor or cereal malt beverage to a minor.**

#### **K.S.A. § 21-5706 Unlawful possession of controlled substances.**

Additionally, Barton considers items such as hookahs as drug paraphernalia.

#### **K.S.A. § 21-5708 Unlawfully obtaining or selling a prescription-only drug.**

Any prescription drugs brought on campus must be contained in an appropriately labeled bottle. If College Personnel determine that ill-gotten prescription drugs have been possessed, stored, furnished, distributed, or sold on Campus, it will result in immediate removal from housing.

#### **K.S.A. § 21-6110 Smoke-free Public Places**

Smoking in public places, public meetings, and other places prohibited

## Federal Legal Sanctions

Federal and state laws prohibit the unlawful possession, use, or distribution of illicit drugs and alcohol. Conviction for violating these laws can lead to imprisonment, fine, probation, and/or assigned community service. Students convicted of a drug- and/or alcohol-related offense will be ineligible to receive federally funded or subsidized grants, loans, scholarships, or employment. Barton Community College will fully cooperate with the local, state, and federal authorities in the enforcement of all applicable laws.

### Federal Drug Laws

The possession, use, or distribution of illicit drugs is prohibited by federal law. Strict penalties are enforced for drug convictions, including mandatory prison terms for many offenses. The following information, although not complete, is an overview of federal penalties for first convictions. All penalties are doubled for any subsequent drug conviction.

### Denial of Federal Aid (20 USC 1091)

Under the Higher Education Act of 1998, students convicted under federal or state law for the sale or possession of drugs will have their federal financial aid eligibility suspended. This includes all federal grants, loans, federal work study programs, and more. Students convicted of drug possession will be ineligible for one year from the date of the conviction of the first offense, two years for the second offense, and indefinitely for the third offense. Students convicted of selling drugs will be ineligible for two years from the date of the first conviction, and indefinitely for the second offense. Those who lose eligibility can regain eligibility by successfully completing an approved drug rehabilitation program.

### Forfeiture of Personal Property and Real Estate (21 USC 853)

Any person convicted of a federal drug offense punishable by more than one year in prison shall forfeit to the United States any personal or real property related to the violation, including houses, cars, and other personal belongings. A warrant of seizure is issued and property is seized at the time an individual is arrested on charges that may result in forfeiture.

### Federal Drug Trafficking Penalties (21 USC 841)

Penalties for federal drug trafficking convictions vary according to the quantity of the controlled substance involved in the transaction. The following list is a sample of the range and severity of federal penalties imposed for first convictions. Penalties for subsequent convictions are twice as severe.

If death or serious bodily injury result from the use of a controlled substance which has been illegally distributed, the person convicted on federal charges of distributing the substance faces mandatory life sentence and fines ranging up to \$8 million.

Persons convicted on federal charges of drug trafficking within 1,000 feet of a University (21 USC 845a) face penalties of prison terms and fines which are twice as high as the regular penalties for the offense, with a mandatory prison sentence of at least 1 year.

### Federal Drug Schedules

Drugs, substances, and certain chemicals used to make drugs are classified into five (5) distinct categories or schedules depending upon the drug's acceptable medical use and the drug's abuse or dependency potential. The abuse rate is a determinate factor in the scheduling of the drug; for example, Schedule I drugs have a high potential for abuse and the potential to create severe psychological and/or physical dependence. As the drug schedule changes-- Schedule II, Schedule III, etc., so does the abuse potential-- Schedule V drugs represent the least potential for abuse. A Listing of drugs and their schedule are located at

Controlled Substance Act (CSA) Scheduling or CSA Scheduling by Alphabetical Order. These lists describe the basic or parent chemical and do not necessarily describe the salts, isomers and salts of isomers, esters, ethers and derivatives which may also be classified as controlled substances. These lists are intended as general references and are not comprehensive listings of all controlled substances.

Please note that a substance need not be listed as a controlled substance to be treated as a Schedule I substance for criminal prosecution. A controlled substance analogue is a substance which is intended for human consumption and is structurally or pharmacologically substantially similar to or is represented as being similar to a Schedule I or Schedule II substance and is not an approved medication in the United States. (See 21 U.S.C. §802(32)(A) for the definition of a controlled substance analogue and 21 U.S.C. §813 for the schedule.)

#### Schedule I

Schedule I drugs, substances, or chemicals are defined as drugs with no currently accepted medical use and a high potential for abuse. Some examples of Schedule I drugs are: heroin, lysergic acid diethylamide (LSD), marijuana (cannabis), 3,4 methylenedioxymethamphetamine (ecstasy), methaqualone, and peyote

#### Schedule II

Schedule II drugs, substances, or chemicals are defined as drugs with a high potential for abuse, with use potentially leading to severe psychological or physical dependence. These drugs are also considered dangerous. Some examples of Schedule II drugs are:

Combination products with less than 15 milligrams of hydrocodone per dosage unit (Vicodin), cocaine, methamphetamine, methadone, hydromorphone (Dilaudid), meperidine (Demerol), oxycodone (OxyContin), fentanyl, Dexedrine, Adderall, and Ritalin

#### Schedule III

Schedule III drugs, substances, or chemicals are defined as drugs with a moderate to low potential for physical and psychological dependence. Schedule III drugs abuse potential is less than Schedule I and Schedule II drugs but more than Schedule IV. Some examples of Schedule III drugs are:

Products containing less than 90 milligrams of codeine per dosage unit (Tylenol with codeine), ketamine, anabolic steroids, testosterone

#### Schedule IV

Schedule IV drugs, substances, or chemicals are defined as drugs with a low potential for abuse and low risk of dependence. Some examples of Schedule IV drugs are: Xanax, Soma, Darvon, Darvocet, Valium, Ativan, Talwin, Ambien, Tramadol

#### Schedule V

Schedule V drugs, substances, or chemicals are defined as drugs with lower potential for abuse than Schedule IV and consist of preparations containing limited quantities of certain narcotics. Schedule V drugs are generally used for antidiarrheal, antitussive, and analgesic purposes. Some examples of Schedule V drugs are: cough preparations with less than 200 milligrams of codeine or per 100 milliliters (Robitussin AC), Lomotil, Motofen, Lyrica, Parepectolin.

## Federal Trafficking Penalties

DRUG/SCHEDULE	QUANTITY	PENALTIES	QUANTITY	PENALTIES
Cocaine (Schedule II)	500–4999 grams mixture	<p><b>First Offense:</b> Not less than 5 yrs, and not more than 40 yrs. If death or serious injury, not less than 20 or more than life. Fine of not more than \$5 million if an individual, \$25 million if not an individual.</p> <p><b>Second Offense:</b> Not less than 10 yrs, and not more than life. If death or serious injury, life imprisonment.</p> <p>Fine of not more than \$8 million if an individual, \$50 million if not an individual.</p>	5 kgs or more mixture	<p><b>First Offense:</b> Not less than 10 yrs, and not more than life. If death or serious injury, not less than 20 or more than life. Fine of not more than \$10 million if an individual, \$50 million if not an individual.</p> <p><b>Second Offense:</b> Not less than 20 yrs, and not more than life. If death or serious injury, life imprisonment.</p> <p>Fine of not more than \$20 million if an individual, \$75 million if not an individual.</p> <p><b>2 or More Prior Offenses:</b> Life imprisonment. Fine of not more than \$20 million if an individual, \$75 million if not an individual.</p>
Cocaine Base (Schedule II)	28–279 grams mixture		280 grams or more mixture	
Fentanyl (Schedule II)	40–399 grams mixture		400 grams or more mixture	
Fentanyl Analogue (Schedule I)	10–99 grams mixture		100 grams or more mixture	
Heroin (Schedule I)	100–999 grams mixture		1 kg or more mixture	
LSD (Schedule I)	1–9 grams mixture		10 grams or more mixture	
Methamphetamine (Schedule II)	5–49 grams pure or 50–499 grams mixture		50 grams or more pure or 500 grams or more mixture	
PCP (Schedule II)	10–99 grams pure or 100–999 grams mixture	100 gm or more pure or 1 kg or more mixture		

DRUG/SCHEDULE	QUANTITY	PENALTIES
Other Schedule I & II drugs (and any drug product containing Gamma Hydroxybutyric Acid)	Any amount	<p><b>First Offense:</b> Not more than 20 yrs. If death or serious injury, not less than 20 yrs, or more than life. Fine \$1 million if an individual, \$5 million if not an individual.</p> <p><b>Second Offense:</b> Not more than 30 yrs. If death or serious bodily injury, life imprisonment. Fine \$2 million if an individual, \$10 million if not an individual.</p>
Flunitrazepam (Schedule IV)	1 gram	
Other Schedule III drugs	Any amount	<p><b>First Offense:</b> Not more than 10 years. If death or serious injury, not more than 15 yrs. Fine not more than \$500,000 if an individual, \$2.5 million if not an individual.</p> <p><b>Second Offense:</b> Not more than 20 yrs. If death or serious injury, not more than 30 yrs. Fine not more than \$1 million if an individual, \$5 million if not an individual.</p>
All other Schedule IV drugs	Any amount	<p><b>First Offense:</b> Not more than 5 yrs. Fine not more than \$250,000 if an individual, \$1 million if not an individual.</p>
Flunitrazepam (Schedule IV)	Other than 1 gram or more	<p><b>Second Offense:</b> Not more than 10 yrs. Fine not more than \$500,000 if an individual, \$2 million if other than an individual.</p>
All Schedule V drugs	Any amount	<p><b>First Offense:</b> Not more than 1 yr. Fine not more than \$100,000 if an individual, \$250,000 if not an individual.</p> <p><b>Second Offense:</b> Not more than 4 yrs. Fine not more than \$200,000 if an individual, \$500,000 if not an individual.</p>

## Federal Trafficking Penalties – Marijuana

DRUG	QUANTITY	1st OFFENSE	2nd OFFENSE *
Marijuana (Schedule I)	1,000 kg or more marijuana mixture; or 1,000 or more marijuana plants	Not less than 10 yrs. or more than life. If death or serious bodily injury, not less than 20 yrs., or more than life. Fine not more than \$10 million if an individual, \$50 million if other than an individual.	Not less than 20 yrs. or more than life. If death or serious bodily injury, life imprisonment. Fine not more than \$20 million if an individual, \$75 million if other than an individual.
Marijuana (Schedule I)	100 kg to 999 kg marijuana mixture; or 100 to 999 marijuana plants	Not less than 5 yrs. or more than 40 yrs. If death or serious bodily injury, not less than 20 yrs. or more than life. Fine not more than \$5 million if an individual, \$25 million if other than an individual.	Not less than 10 yrs. or more than life. If death or serious bodily injury, life imprisonment. Fine not more than \$20 million if an individual, \$75 million if other than an individual.
Marijuana (Schedule I)	More than 10 kgs hashish; 50 to 99 kg marijuana mixture; More than 1 kg of hashish oil; 50 to 99 marijuana plants	Not more than 20 yrs. If death or serious bodily injury, not less than 20 yrs. or more than life. Fine \$1 million if an individual, \$5 million if other than an individual.	Not more than 30 yrs. If death or serious bodily injury, life imprisonment. Fine \$2 million if an individual, \$10 million if other than an individual.
Marijuana (Schedule I)	Less than 50 kilograms marijuana (but does not include 50 or more marijuana plants regardless of weight); 1 to 49 marijuana plants;	Not more than 5 yrs. Fine not more than \$250,000, \$1 million if other than an individual.	Not more than 10 yrs. Fine \$500,000 if an individual, \$2 million if other than individual.
Hashish (Schedule I) 10 kg or less			
Hashish Oil (Schedule I) 1 kg or less			

\* The minimum sentence for a violation after two or more prior convictions for a felony drug offense have become final is a mandatory term of life imprisonment without release and a fine up to \$20 million if an individual and \$75 million if other than an individual.

### 3. Health Risks

#### ANABOLIC STEROIDS

Abused by individuals to put muscle on during weight training. The side effects and health risks far outweigh any benefits to the user.

DRUG TYPE	TRADE NAME	STREET NAME	ACUTE EFFECTS	HEALTH RISKS	OVERDOSE
<p><b>Steroids</b></p> <p>Safely used under strict medical supervision for medical conditions only.</p>	<p>Anadrol Oxandrin Durabolin Depo-Testosterone Equioise</p>	<p>Juiceball D-balls Injectibles Orals Rhoids Juice Pumpers</p>	<p>Increased blood pressure Acne Balding Decreased sexual function Deeper voice</p>	<p>Cardiovascular damage Liver damage Possible stop bone lengthening in adolescents Blood clotting Cholesterol changes Hostility and Aggression</p> <p>Males— Prostate cancer Reduced sperm count Shrunken testicles Breast enlargement</p> <p>Females— Menstrual irregularities Development facial hair Other masculine characteristics</p>	

#### CANNABINOIDS

Mind altering ingredient is THC. Amount of THC determines the strength of effects.

DRUG TYPE	TRADE NAME	STREET NAME	ACUTE EFFECTS	HEALTH RISKS	OVERDOSE
<p><b>Cannabis</b></p> <p>ILLEGAL FOR POSSESSION AND/OR USAGE IN ANY AMOUNTS IN THE STATE OF KANSAS.</p> <p>Some states allow for medical purposes and/or have legalized usage.</p>	<p>Hashish Hash Oil Marijuana Marinol THC</p>	<p>Pot Weed Grass Herb Ganji Kif Honey Dope Acapulco gold Reefer Sinsemilla Thai sticks Aunt Mary Skunk weed Boom</p>	<p>Impaired judgement and coordination Blood shot eyes Increased heart rate Increased appetite Euphoria Relaxation Slowed reaction time Distorted sensory perception Impaired balance and coordination Impaired learning and memory Anxiety Panic attacks Psychosis</p>	<p>Chronic cough Frequent respiratory infections Possible mental health decline Addiction</p>	<p>Death may occur from Accidents as a result of the acute effects.</p>

## DISSOCIATIVE DRUGS

Gasses, liquids or powders.

Work by traveling to the nerve cells on the receiving end of the signal and block its receptors. This blocking action produces an anesthetic or numb state. User feels dissociated, detached and or removed from the world.

DRUG TYPE	TRADE NAME	STREET NAME	ACUTE EFFECTS	HEALTH RISKS	OVERDOSE
Safely used under strict medical supervision for medical conditions only. Safely used under strict medical supervision for medical conditions only.	Ketamine	Special K K Vitamin K Super K Purple Jet Cat Valium Honey Oil	Nausea Vomiting Pain suppression Paranoia Amnesia Decreased heart rate Drowsiness Decreased motor skills	Physical and psychological Dependence Flashbacks	
ILLEGAL FOR POSSESSION AND/OR USAGE IN ANY AMOUNTS	PCP	Angel Dust Hog Love 1boat Embalming Fluid Rocket Fuel Peace Zombie Dummy Dust Killer Weed	Hallucinations Confusion Disorientation Convulsions Decreased heart rate Decreased motor skills	Physical and psychological dependence Flash backs Depression Anxiety Schizophrenic-like symptoms	
DXM  Normal usage and reduction of health risks if taken ONLY as directions provided	Dextromethorphan (found in Robitussin, Coricidin and other cough meds)	Robo Dex DXM Tussin Triple C Syrup Robotripping	Cough suppression Euphoria Impaired motor function Dizziness Slurred speech Confusion Memory loss Distorted visual perception	Tremors Anxiety Numbness Memory loss Nausea Excessive amounts in combination with acetaminophen leads to liver damage	Respiratory depression Unconsciousness Death

## HALLUCINOGENICS

Often referred to as psychedelics. May come from natural resources but many are synthetically developed.

DRUG TYPE	TRADE NAME	STREET NAME	ACUTE EFFECTS	HEALTH RISKS	OVERDOSE
Natural Hallucinogenics  ILLEGAL FOR POSSESSION AND/OR USAGE IN ANY AMOUNTS	Mescaline Peyote Psilocybin Mushrooms	Buttons Mesc Shrooms Magic mushrooms Cactus Caps Lucky7 Blue Mystic	Altered state of perception and feeling Hallucinations Disorientation Aggression Delusions Elevated heart rate and temperature Nausea	Nervousness Paranoia Panic Addiction	Coma Death
Synthetic Hallucinogenics  ILLEGAL FOR POSSESSION AND/OR USAGE IN ANY AMOUNTS	LSD	Acid Hit Blotter Trip Microdot Red/green dragon Boomers Yellow sunshine Cube Sugar cube Tabs	Hallucinations Disorientation Decreased appetite Increased body temperature Delusions Tremors Impaired memory Panic Aggression	Physical tolerance Psychological dependence Flash backs Depression Anxiety Psychosis	Coma Death
Amphetamine-related hallucinogenics	MDMA (Ecstasy) DMT MDA	Ex Xtabs Designer drugs	Increased heart rate and blood pressure Increased body	Depression Sleep disturbance Aggressive behavior	Coma Death

<b>ILLEGAL FOR POSSESSION AND/OR USAGE IN ANY AMOUNTS</b>	<b>MPTP DOM STP</b>	<b>XTC Club drugs Hug drug Scooby snacks Adam Batmans Bibs E Kleenex Lovers speed Sextasy (with Viagra) Kitty flipping (with ketamine) Roll</b>	<b>temperature Hyperthermia Dehydration Dizziness Nausea Blurred vision Paranoia Insomnia</b>	<b>Impulsivity Kidney failure Liver damage Paranoia Paralysis Cardiovascular failure Brain damage</b>	
---	-----------------------------	---	---	---	--

## INHALANTS

Breathable chemicals that produce mild altering vapors. Typically the product is utilized in a manner that was never intended. Includes solvents, aerosols, some anesthetics and other chemicals.

<b>DRUG TYPE</b>	<b>TRADE NAME</b>	<b>STREET NAME</b>	<b>ACUTE EFFECTS</b>	<b>HEALTH RISKS</b>	<b>OVERDOSE</b>
<b>Nitous Oxide</b>  Safely used only in medical settings where close monitoring is utilized.	<b>Hexane</b>	<b>Laughing gas Buzz bomb Whippets Whippers Shoot the breeze</b>	<b>Decreased body functions Loss of consciousness Feeling of intoxication Stimulation Loss of inhibition Headache Nausea/vomiting Slurred speech Loss of motor coordination Wheezing</b>	<b>Altered perception Loss of sensation Blackouts Injury to red blood cells Decreased heart muscle functioning Cramps Muscle weakness Depression Memory impairment Damage to cardiovascular and nervous systems</b>	<b>Unconsciousness Sudden death</b>

Cocaine  ILLEGAL FOR POSSESSION AND/OR USAGE IN ANY AMOUNTS		Coke Snow Toot Blow Crack Flares Ringer Blast	Nose candy Girl Rocks White Big C Snowbirds Flake	Same as Caffeine	Psychological dependence Possible physical tolerance Seizures Strokes Impotence Aggressive paranoia Damaged nasal tissue from snorting	Heart palpitations Coma Death
Look-alikes  Normal usage and reduction of health risks if taken ONLY as directions provided	PPA Ephedrine Caffeine	Black beauties White crosses Yellow jackets Robin eggs Christmas trees Pink hearts		Same as Caffeine	Same as Caffeine	Heart palpitations Coma Death
Khat  ILLEGAL FOR POSSESSION AND/OR USAGE IN ANY AMOUNTS		Khat Chat Gat Tohai African salad Bushman’s tea Tschatt		Same as Caffeine	Suicidal depression Violence Fatigue Hallucinations Hyperactivity	Heart palpitations Coma Death

## 4. AOD Programs Available to Students, Staff, and Faculty

### 1. Athletics

Athletes are provided information on:

- drug and alcohol policies, health risks, and related sanctions.
- Student Activities programming options, all of which are drug and alcohol free.

### 2. Campus Safety

- a. Clery Reporting is managed by the Campus Safety Department.
- b. Campus Safety Officers provide 24/7 patrol of campus including housing areas and monitor student behavior and environmental signs for potential AOD violations or concerns.
- c. Barton Guardian (Personal Safety App) – allows for anonymous reporting of drug or alcohol violations, or other campus safety concerns

### 3. Student Life/Residence Life

- a. Residential students are provided with the Housing Handbook at move in, brief of awareness is provided one-on-one for every resident and resident signs off on receipt of the handbook and associated information.
- b. Semester housing meetings - residents are provided information on AOD policies and related sanctions.
- c. Continuous programming options both on and off campus that are all drug and alcohol free.

### 4. Orientation

Students attending orientation are provided information on:

- drug and alcohol policies, health risks, and related sanctions.
- Student Activities programming options, all of which are drug and alcohol free.

### 5. Student Health

Office provides:

- passive programming/awareness/information related to drug and alcohol use.
- alcohol education session for alcohol policy violators.
- assessment of/referral for students identified as potentially at risk of AOD abuse.

### 6. Counseling

a. Office provides:

- passive programming/awareness/information related to drug and alcohol use.
- assessment of/referral for students identified as potentially at risk of AOD abuse.

b. Office manages Students of Concern team.

c. Maintains resources related to substance abuse programming options  
(<https://bartonccc.edu/supportservices/counseling/resources>)

### 7. Student Services Office

a. Maintains referral agreement with DREAM, Inc. for substance abuse counseling.

b. Office produces Student Handbook

c. Office provides for FERPA compliant parental notification when appropriate

d. Oversees Title IX online student and employee training programming which includes information related to substance use.

### 8. Human Resources

a. Orientation

b. Manages annual employee notification

### 9. Other

Documenting and tracking of incidents, violations, sanctions, etc. in Maxient (multiple departments)

This service provides referrals to local treatment facilities, support groups, and community-based organizations. Callers can also order free publications and other information.</p>

## 5. Disciplinary Sanctions

### Bystander Engagement

The welfare of our community members is of paramount importance.

At times, students on and off-campus may need assistance. The college encourages students to offer help and assistance to others in need. Sometimes, students are hesitant to offer assistance to others, for fear that they may get themselves in trouble. (For example, a student who has been drinking might hesitate to help take a sexual misconduct victim to the Campus Safety Office.) The college applies a policy of limited immunity for students who offer help to others in need. While policy violations cannot be overlooked, the college will provide educational options, rather than punishment, to those who offer their assistance to others in need.

The following information identifies more frequently occurring conduct violations and related sanctions. The chart is not intended to be an exhaustive list of all possible violations. The sanctions noted could result from any type of policy violations. Any disciplinary action may be taken and does not depend on the issuance of a lesser action.

### Possession of Drugs/Drug Paraphernalia

Zero tolerance, first offense = \$500 fine Immediate removal from housing & responsible for payment of the housing contract.

### Possession of Alcohol\*

(during your complete educational experience)

1<sup>st</sup> Offense = \$250 fine & required alcohol education session

2<sup>nd</sup> offense = \$250 fine & Immediate removal from housing & payment of housing contract.

Hosting = \$50 fine

Alcohol education unscheduled by noted deadline = \$10 daily fine until complete

### Display of empty alcohol bottles or wrappers/covers

1<sup>st</sup> Offense = Warning

2<sup>nd</sup> Offense = fine (determined by review of the display)

### Tobacco Use, including smokeless

Each Time = \$250 fine

Notes:

\*\*Possession\*\* includes being present in a common area, dorm room, vehicle, etc. where alcohol, drugs, or other contraband items are visibly present.

\*\*Hosting Fine: When one or more guests are in a room with alcohol, a hosting fine will be given to the students that are assigned to that room. If no resident is present, residents' level of responsibility will be investigated.

Required education following an alcohol violation will be assigned a date and time for completion. To address health and safety concerns of students, upon a second alcohol or drug

violation, the College reserves the FERPA allowed right to contact the resident's parents or legal guardian.

Damage charges associated with or resulting from any violation will be in addition to any fines imposed.

### [Student Code of Conduct](#)

#### Disciplinary Action

If the Vice President of Student Services or other designee of the President finds that the student has violated College policy, rules, or regulations, disciplinary action shall be taken. The Vice President of Student Services or other designee shall impose such discipline as he/she determines is warranted taking into consideration the seriousness of the offense. For more complicated incidents, the Vice President of Student Services or other designee may seek the input of a Review Board before determining discipline. The Review Board, if utilized, shall be chosen from members of the College Student Life staff. Individuals who serve on a Review Board would not later be eligible to serve on an Appeals Committee, should an appeal follow imposition of disciplinary sanctions. Permissible actions include but are not limited to: written reprimand, community service, fines, probation, full or partial suspension from classes, expulsion from housing, and/or expulsion from school.

Disciplinary action may also include a bar against readmission to the College.
