

## **Medical Coding Certificate Program is Online!!**

**Medical Coding** is a career field for individuals interested in classifying medical data from patient records in healthcare settings such as physician's offices, clinics, long-term care facilities and hospitals. Coding professionals review patient records and assign numeric codes for each diagnosis and procedure.

The coding field is a good career choice for individuals who are interested in medical terminology and who pay attention to detail. Medical coding is one of the 13 fastest growing occupations in the United States.

Barton offers a 32 credit hour online Medical Coding program. Courses include a blend of medical and professional learning experiences. Graduates of the certificate program are eligible to take a national certification exam.
