

Technical Accounting Online Degree

Looking for a two-year employment focused degree preparing you for entry-level accounting and payroll? This 100% online program is for you! This program provides students with the communication skills and diverse base of accounting and office skills to be successful in the working world in various office settings. Students who are interested in this program should appreciate working with people and be detailed - oriented. Upon completion of this program, students will receive an Associate in Applied Science degree in Technical Accounting from Barton Community College.

Barton's Technical Accounting Specialist is currently open for enrollment to students. Courses are offered in nine and seventeen week sessions during the fall and spring semesters and several courses are also offered in the summer session as well.

**For further program information, please visit
Barton's Technical Accounting website at
