Living the DREAM

Succeeding in class is important but so is succeeding in life. At Barton the knowledge you learn in the classroom will help you apply it to what really matters...real life.

There are many benefits for students choosing Barton and usually differ according to one's needs, desires, and what one wants from the Barton experience.

The convenience of Barton's class scheduling is a plus for others. Whether you want face-to-face traditional classroom settings, online classes adapting to your busy schedule, or hybrid classes which blend classroom and online instruction, Barton has classes to fit your needs and schedule.

TOP 50 COMMUNITY COLLEGE IN AMERICA!

Barton Community College has been named one of America's 50 best community colleges by Washington Monthly magazine in its September '10 issue. Washington Monthly's top rankings are based upon what schools are doing for the country such as improving social mobility, producing research, and promoting public service.

Bolstered by its high percentage rate of students who went on to complete four-year degrees, Barton's 70% graduation rate ranks fifth among the colleges that made the list.

Barton also offers the opportunity to get job training quickly to help you either get to the workforce or improve your skills at your current workplace.

For some, it's knowing the faculty and staff at Barton truly care about you as a person first and foremost.

Shanna really cares about her students. You can tell she really wants you to understand the material she is teaching by going above and beyond to help you grasp how to find the solution to the problems. To her, you aren't just another student; she really cares about you as a person.

LEARNING wherever you are

HIGH SCHOOL "JUMP START" COURSES

Barton provides high school sophomores, juniors, seniors, and gifted underclassmen college classes while in high school.

Dual Credit/Concurrent Classes (College Advantage Program) - Barton offers college classes in your high school (within Barton's seven county service area).

Get Ahead Program (GAP) - Barton on-campus afternoon college courses are designed to give high school students a sneak peek of what to expect in a college class environment and coursework.

OUTREACH PROGRAMS

College courses are available in our seven-county service area and the Grandview Plaza/Junction City area. Degree completion programs are available at participating sites.

Guy Causey is an awesome teacher. I took online chemistry class from him and he was so helpful to me. When I went to campus he helped me with some assignments I was having trouble with. He is the best online or off line instructor I have ever had and he should be recognized.

- Dauna Herman

ONLINE LEARNING

We think you will find the overall cost very reasonable when compared to traveling and living on-campus at some colleges. Remember, you can be employed and study at the same time, because online courses can be taken around your busy schedule.

Each online learning entity charges one flat rate per semester credit hour, plus the cost of textbooks and additional materials. This fee is the same for all online students regardless of Kansas residency.

BARTONline.org

BARTONline: 877-620-6606
\$130 per semester credit hour

BARTONline.org provides you the opportunity to earn or complete an Associate Degree online. Courses taken at other colleges and universities, plus any military and work experience, may be applied towards degree completion requirements at Barton.

eduKan

EduKan: 877-433-8526
\$125 per semester credit hour

EduKan.org is an online consortium consisting of Barton and five other community colleges. EduKan provides you another opportunity within the Barton family to obtain your Associate Degree online.

K-STATE AT BARTON

The Kansas State University Wildcats and the Barton Community College Cougars have joined together to form a K-State at Barton partnership. The Cats and Cougars are working together to provide high quality, full service educational opportunities to people in Central Kansas.

The K-State at Barton Partnership brings education closer by:

- Offering distance education courses, bachelor's degree and master's degree programs to Central Kansas
- Developing 2+2 partnerships between Barton and K-State
- Assisting current Barton students with admission to Kansas State University
- Providing area residents with opportunities for certification and degree completion as well as professional development

About our campuses

Great Bend Campus

<http://bartonccc.edu>

The Great Bend campus serves as the main campus for Barton. We are located high atop a hill on 160 acres three miles northeast of Great Bend across the road from Bissells Point. The campus includes eight buildings in the main section of campus with four phases of student housing, the Cougar fields, and the Midwest Utility Pipeline Training Center located on the outskirts.

Learning facilities include numerous science labs as well as specially equipped labs for specific programs. Barton's attention to technology can be found in its ITV rooms, 35 SMART (hightech) classrooms, numerous computer labs, and technical program labs. A 40-foot dome theater with 66 seats, the Planetarium is equipped to recreate the night sky in amazing detail and offers programs free of charge as a public service.

The Mission of Barton Community College is to provide quality educational opportunities that are accessible, affordable, continuously improving and student focused. Barton is driven to provide an educational system that is learning-centered, innovative, meets workforce needs, and strengthens communities.

Fort Riley Campus

<http://fortriley.bartonccc.edu>

Fort Riley, home of "The Big Red One," is known for its excellent training, abundant recreational opportunities, rich history, and tremendous relations with surrounding communities. Barton Community College's proud association with Fort Riley and the U.S. Army began in 1984 with a single training contract and has continued to grow in support of the Army, its soldiers, their families, and the Junction City community.

The Barton Community College Fort Riley campus provides education and training, as well as selected specialized education and training to the entire state. In addition, Bartonline, Barton's premier site for online courses, is administered from the Fort Riley campus.

The Fort Riley campus administration building is located in Building 217 on the main post of Fort Riley.

This main office and two of the computer labs are across from the Fort Riley Museum and the Custer House. The campus also provides instructional services for Troop School, BSEP and LSEC which are located on Custer Hill.

Courses also are offered at a nearby outreach site located at Grandview Plaza. The Grandview

Plaza outreach site is home to the Hazardous Materials Handling and Emergency Management programs, Emergency Medical Technician, and Paramedic programs.

The "Trooper Bill" statue stands as a tribute to the U. S. Cavalry symbolizing a man, a soldier, and of a service living on after him. Situated on the Cavalry Parade Field just north of the Barton-Fort Riley campus, this statue's base is also the resting place of "Chief" - the last horse carried on Army rolls as a cavalry mount. "Chief" died in 1968 and was buried with full military honors.
