

BARTON COMMUNITY COLLEGE STUDENT HEALTH SERVICES

Vaccines are ordered according to pre-registration demands.

You can pre-register three ways:

1. Call Student Health.
2. Email Student Health Nurse
3. Fill out order form that is available with the housing medical packets.

To keep cost of vaccines down, pre-payment is required for the following vaccines due to cost of obtaining serum---MMR, and HPV (Gardasil). All other payments of vaccine is due at time of service. Charges for vaccine are serum cost plus small charge for supplies used.

We are not considered an insurance provider, so we are unable to handle insurance claims. We will issue receipts upon request.

We will begin giving vaccines the first month of classes each semester unless you are otherwise notified. **It is the students responsibility to check their e-mails or respond to cell phone messages for notices from the Student Health Office.**

VACCINES AVAILABLE	VACCINES REQUIRING PRE-PAYMENT PRIOR TO ORDER	AVAILABLE IN OCTOBER
Tetanus (TD)	Gardasil (HPV)	Seasonal Influenza
Adacel (Tdp—tetanus)	MMR
