

Kansas Department of Transportation

The Kansas Department of Transportation (KDOT) delivers transportation that keeps Kansans moving forward. Our employees are our most valuable resources. We depend on our employees and business partners to get the job done. KDOT strives to provide a work environment that motivates people and encourages them to be productive. KDOT is a great place to work, so come be part of our team!

Compensation:

- **Base Annual Salary:** \$41,267.20
- **Base Hourly Pay:** \$19.84

Position Summary:

This Construction Inspector Trainee position is the entry level for the Engineering Technician class series and is in Great Bend, KS. Successful candidates may be appointed at a higher-level dependent upon experience and qualifications. This position allows KDOT to train and develop construction (or technician) staff to complete required responsibilities. The employee performs assignments and gains experience while in training status.

NOTE: The employee in this position must also maintain Certified Inspection certifications under the KDOT CIT Program as outlined in the Engineering Technician Progression Manual for the specific job path and any additional as outlined by the Senior Manager.

Job Responsibilities may include but are not limited to the following:

- This position will assist in administering construction contracts ensuring work is performed per legal requirements and preferred quality is achieved. This will require performing according to specific instruction and standards.
- Work involves performing several basic engineering and mathematical procedures which require following instructions and guidelines and providing accurate and complete records of that work.
- Performs or assists other technicians or engineers in the performance of routine engineering tests in the laboratory or field or inspection on construction projects for compliance with standard practice, specifications, plans, and special provisions. This includes such things as performing or assisting in testing gradation of aggregates and other standard tests.
- Operates snowplow trucks (Class B CDL required) to fill-in at various locations, as needed.
