

Job Title: Medical Laboratory Technician or Clinical Lab Scientist Full-Time Nights

Employment Status: Full-time

Scheduled Shift: Night

Scheduled Time Start:5:30 PM

Scheduled Time End:6:00 AM

Job Description:

Performs analysis requiring a complex network of steps and variables. Work is organized, easy to follow and according to lab protocols. Recognizes technical, instrumental or physiological problems, identifies the cause and evaluates alternative solutions where no pre-set criteria are available. Confirms and verifies laboratory results utilizing in-depth knowledge of techniques, principles and instruments. Correlates and interprets data based on knowledge of physiological conditions affecting test results. Establishes and monitors quality assurance programs.

This position is located at Hedrick Medical Center in Chillicothe, MO which is 90 miles northeast of Liberty, MO.

Job Requirements:

MLT(ASCP) or equivalent or CLS (ASCP) or equivalent
