Contingency Planning

The President will make recommendations to the Board of Trustees on resource allocation due to changing educational priorities; shifting enrollment patterns; lack of funds; and/or the requirements of legally imposed mandates. This may result in adjustments of operational procedures for the purpose of:

- Sustaining college financial viability.
- Maintaining program integrity.
- Enhancement, addition, reduction, or discontinuance of academic, vocational-technical, co-curricular programs or other college services.
- Reallocation of other resources to internal and external college constituencies.
