INTERCONNECT BANNER TO ECOLLEGE

Detail: With the commitment of Barton to the eCollege Learning Management System for the next four years and constant growth of online courses, the Information Services department would like to proceed with automating the Banner to eCollege enrollment process.

To facilitate this automation Barton will need to purchase from SunGard (SCT/Banner) the Banner Integration for eLearning module and contract for SunGard programmers to help write the interface.

Integration for eLearning module - $ 50,000
Barton Partnership Savings - $ (17,500)
Barton Partnership Package Price - **$ 32,500**

SunGard eLearning & eCollege Integration programming (360 hours) - $ 79,200
Barton Partnership Savings - $ (7,200)
Barton Partnership Package Price -   **$ 72,000**

Annual Maintenance (First Year) -   **$4,875**

The total initial cost of the software and services will be $109,375 (software, programming, 1ˢᵗ year annual support).

This interface will provide for automated user account creation/updating into eCollege, and the population of courses/sections, terms, persons, assignments and enrollments, and the import of final grades into Banner.

Recommendation: It is recommended that the Board of Trustees approve the proposed eLearning Integration Solution with SunGard SCT Banner.
