### Operational Budget

The FY14 Operational Budget has been provided for the Board to consider. The budget increases revenue by \$1,486,162 and decreases expenditures by \$352,117 over last year's operational budget. The budget was developed assuming 3% enrollment growth for FY14. The majority of the Capital Projects have been set up as a payable on the FY13 budget, although there will be some expenditures from the FY14 budget/reserves.

As of the end of FY13, our cash reserves ended up at 36%. This was down from 44% the previous year. The reduction was due to the capital projects that were approved for the FY13 year.

The Barton County Appraiser is waiting on decisions from COTA (Court of Tax Appeals) on a large number of exemptions on Oil & Gas Leases. We do not know what the outcome of those decisions will be. I am required by statute to provide the "Certified Valuation" as submitted by the County Appraiser. Since we don't know the final decision on the listed value "under consideration for exemption", we suggest you consider reducing the Oil & Gas Valuation and the Total Valuation by the amount listed below when calculating your tax lid and estimated tax rates.

**OIL & GAS VALUE subject to exemption and removal**

**3,351,584**
