

10th Anniversary

Advanced Therapy & Barton Community College

Tuesday, September 13, 2016

A partnership dedicated to reducing work related injuries and associated employer costs.

Have you ever wondered if either your new hire or a current employee transferring into another position really has the strength or fitness to do the job they were hired for?

Concerned about a new employee bringing an old injury to their position at your company?

Has an employee been injured off the job in a personal injury and tried to file a claim under your work comp?

Physical Capacity Profile[®] testing

- State-of-the-art computerized software
- Match job candidate's strengths to the position
- 30-minute test
- Results available in minutes
- ADA, EEOC and HIPAA compliant

Approximately 40 area businesses use our services
