

# ENHANCEMENT FUNDS

## Purpose

The information provided in this document is a basic listing of enhancement and mixed-use funds held by the Foundation that can be used for program, project, or capital improvements across Barton Community College. Each fund may have other uses or restrictions in addition to those listed.

The Foundation created an Open Funding Proposal policy two years ago to assist College employees and administration to request and receive funds and for the Foundation to evaluate and match donors or funds to requests. This document helps the Foundation with matching requests to possible funding sources.

## Information

**Endowments:** Endowments are funds that have a restricted principal amount within the fund that cannot be spent. The investment earnings on these funds are available to use for projects.

**Usage Category:** Foundation has three usage categories for all endowed funds:

-  Enhancement – this fund is only available for program, project, or capital improvements
-  Scholarship – this fund is only available for scholarships to Barton students
-  Mixed-Use – this fund is available for scholarships and enhancements

---
