

Barton Community College

Board Meeting

December 09, 2025

Enrollment/Course Catalog/Course Management Software

Detail: The College utilizes a variety of methods to register students, develop and approve curriculum, design course schedules, and provide students with information through a college catalog, employment information, and reminders. Much of this work is manual entry which results in developing spreadsheets, utilizing paper enrollment forms, and coordinating course offerings, etc.

A team of individuals representative of the institution participated in multiple demonstrations over the course of this year provided by three different vendors. Each platform outlined their available software solutions to operationalize these functions. Each vendor also provided a plan to integrate their data into our SIS (Banner) system.

We sought from each vendor their solution to provide easier navigation for students to enroll in courses, including the option to look at multiple enrollment/scheduling options, view both credit and non-credit offerings, and reduce manual entry of data by Barton employees.

Ultimately, the team selected Modern Campus as the software vendor that would best fit our needs and interests. Currently, Modern Campus is used by over 2,000 colleges and universities across North America, including Kansas State University, Garden City Community College, and Coffeyville Community College, Neosho Community College, Kansas City Kansas Community College.

- Modern Campus Curriculum streamlines collaboration among faculty and stakeholders, ensuring compliance with accreditation standards while integrating seamlessly with Ellucian Banner. Its customizable workflows and templates facilitate a transparent curriculum development process, enhancing academic program quality.
- Modern Campus Catalog offers an intuitive, mobile-friendly interface with robust search capabilities that align with your strategic objectives and support academic excellence.

- Modern Campus Schedule efficiently builds and manages course schedules, rooms, and academic resources.
- Modern Campus Navigate enhances the registration experience by aligning offerings with curriculum rules and class availability.
- Modern Campus Career data provides career data associated with each of your programs.

Vendor	5-year Total Implementation and Subscription cost
Modern Campus	\$248,911
CourseLeaf	\$566,243
CourseDog	\$737,734

The purchase of the Software will be made with Student Success funds.

Recommendation – Approve the bid from Modern Campus in the amount of \$248,911.
